DID YOU KNOW?

- ✓ 145 million people have low vision due to uncorrected refractive errors. In most cases, normal vision could be restored with eye glasses or contact lenses.¹
- ✓ More than 12 million children ages five to 15 are visually impaired because of uncorrected refractive errors, conditions that could be easily diagnosed and corrected with glasses, contact lenses or refractive surgery.²
- ✓ Without effective, major intervention, the number of blind people worldwide has been projected to increase to 76 million by 2020.³
- ✓ 23 million children have vision problems.⁴
- ✓ 95% of vision issues can be corrected if detected and treated early.⁴
- ✓ 7 to 12% of children have eye problems that may lead to permanent loss of vision if not detected and treated in time.⁴

Advantages of the plan:

- Unlimited usage.
- Discounts are available at the time of service.
- No administrative forms or waiting.
