YOUR PREFERRED PROVIDER PLAN

YOUR CERTIFICATE OF INSURANCE LISTS THE BENEFITS THAT YOU ARE INSURED FOR. ANY BENEFITS OR PROVISIONS SHOWN TO BE "EXCLUDED" IN YOUR CERTIFICATE OF INSURANCE ARE NOT PART OF YOUR PLAN AND DO NOT APPLY TO YOU.

This certificate booklet summarizes the group insurance benefits of the policy. It outlines what You must do to be Insured. It explains how to file claims. It is Your Certificate of Insurance while You are Insured.

WARNING, LIMITED BENEFITS WILL BE PAID WHEN NON-PREFERRED PROVIDERS ARE USED. You should be aware that when You elect to utilize the services of an Out-of-Network provider for a Covered Expense in non-emergency situations, benefit payments to such Out-of-Network provider are not based upon the amount billed. The basis of Your benefit payment will be determined according to Regular, Reasonable and Customary charges (which may be determined by comparing charges for similar services adjusted to the geographic area where the services are performed), or other method as defined by the policy. YOU CAN EXPECT TO PAY MORE THAN THE COINSURANCE AMOUNT DEFINED IN THE POLICY AFTER THE PLAN HAS PAID ITS REQUIRED PORTION. Out-of-Network providers may bill You for any amount up to the billed charge after We have paid Our portion of the bill. In-Network providers have agreed to accept discounted payments for services with no additional billing to the Employee other than Copay, Coinsurance, Deductible and Access Fee amounts. You may obtain further information about the In-Network status of Preferred Providers and information on Out-of-Pocket expenses by calling the toll free telephone number on Your identification card.

Should any complaints arise regarding this insurance, You may contact the following: Illinois Department of Insurance, Consumer Division or Public Services Section, Springfield, Illinois 62767.

SECTION 1 - ELIGIBILITY AND EFFECTIVE DATE OF INSURANCE

Eligibility For Insurance

To be Eligible for coverage under the policy, an individual must either meet the definition of Employee or meet the definition of Dependent.

Employee Enrollment Eligibility

To become an Insured Employee, an individual must:

- be an Employee who is employed by the Policyholder on a permanent full time basis. The person must work at least 30 hours per week, this includes single proprietor or partners.;
- complete and submit, through the Policyholder, an enrollment form, during an enrollment period;
- provide any additional information We need to determine eligibility, if requested by Us; and
- agree to pay Your portion of the required premium, if required by the Policyholder.

Dependent Enrollment Eligibility

- You may enroll Your current Dependent(s) at the same time You initially enroll.
- You may enroll any new Dependent who meets the definition of Dependent, after Your Enrollment Date, by completing and submitting an enrollment form to Us the Policyholder.

Enrollment For Employees and Dependents

To have the insurance provided by the policy, all Eligible Employees and Dependents must enroll by completing and submitting an enrollment form. The insurance becomes effective as follows:

- If You enroll on or before the date You are Eligible, You will become Insured on the date You are Eligible. If You enroll for Your Dependents on or before the date they are Eligible, they will become Insured on the date they are Eligible;
- If You enroll within 30 days after the date You are Eligible, You will become Insured on the premium due date following the date You enrolled. If You enroll Your Dependents within 30 days after the date they are Eligible, they will become Insured on the premium due date following the date You enrolled.

Initial Enrollment Period For New Employees And Dependents Eligible After The Policy Effective Date

An initial enrollment period is the period of time during which a new Employee and his or her Dependents are first Eligible to enroll under the policy. Your initial date of eligibility to enroll is the first day of Your Service Waiting Period which is typically the date on which employment starts. If You and Your Dependents are enrolling during the initial enrollment period, You must enroll for coverage during Your servicing waiting period. Your coverage and coverage for Your Dependents will be effective on the premium due date following the last day of the Service Waiting Period except that Your and Your Dependents' Effective Date will not be longer than 90 calendar days from Your initial date of eligibility to enroll.

Dependent Enrollment Periods

1. Special Enrollment Period for Newborn Children

A Newborn Child will be insured from birth, regardless of Hospital confinement if:

- all other Children of the Insured employee are insured under the employee's certificate under the policy at the time of the Newborn Child's birth; or
- the Insured applies for coverage and pays any premium due within 31 days after the Newborn Child's birth.

If we are notified after the 31 day period (and all other children of the Insured employee are not insured under employee's Certificate of Insurance, or this is the 1st Child) the Newborn Child's coverage will become effective on January 1st following the Policyholder's next open enrollment period, provided enrollment is received during the open enrollment period.

2. Special Enrollment Period for Adopted Children or Children Placed for Adoption

In the case of an adopted Child or Child placed for adoption, coverage will become effective on the date of the adoption or placement for adoption, if You enroll within 30 days of the adoption or placement for adoption date. If You notify Us after that 30-day period, the adopted Child's coverage will become effective on January 1st following the Policyholder's next open enrollment period, provided You apply during the next open enrollment period.

3. Court Ordered Dependent Children

Coverage is provided to a Child in the court ordered custody of an Employee on the same basis and to the same extent, and in the same manner, as for a newborn Dependent Child.

We must receive notification within 31 days of the date on which the court order establishing custody of the Child by the Employee was issued and any additional premiums that are due for the coverage of the Child must be paid. In order to establish court ordered custody, the Employee must send to Us a copy of the court order that establishes that the Employee has full legal custody of such Child. If an Employee notifies Us after the 31-day period, the Dependent Child's coverage will become effective on January 1st following the Policyholder's next open enrollment period.

Special Enrollment Periods

1. For Persons Who Previously Declined Coverage

A person who previously declined coverage in writing because they were covered under another Group Health Plan or Health Insurance Coverage may have a 30 day special enrollment period if they lose that coverage.

The 30 day special enrollment period will begin for that person on:

The day the person loses his/her coverage under another Group Health Plan or Health Insurance Coverage because of:

- a reduction in the number of hours of employment;
- termination of employment;
- termination of employer contributions;
- the COBRA continuation provision that they were covered under is exhausted under the other Group Health Plan or Health Insurance Coverage; or
- legal separation, divorce, or death.

Coverage will become effective on the premium due date following the date the person enrolls.

2. For Persons Having a Family Status Change

A person will have a 30 day special enrollment period to enroll for coverage beginning on the date a Family Status Change occurs.

In the case of a Family Status Change due to marriage, coverage will begin on the earlier of the next premium due date or the first day of the month, after the completed enrollment form is received.

3. Change in CHIP or Medicaid Coverage

If an Employee's or an Employee's Dependent's Medicaid or Children's Health Insurance Program (CHIP) coverage is terminated as a result of loss of eligibility; or an Employee or Dependent becomes eligible for a subsidy (state premium assistance program) under Medicaid or CHIP and the Employee previously declined coverage under the policy, the Employee or an Employee and his Dependent may request special enrollment within 60 days of the loss of Medicaid/CHIP or of the eligibility determination. If the enrollment form is received within the 60 day period, the Employee or Employee's Dependent's coverage will be effective on the first day of the month following receipt of the enrollment form by Us.

Open Enrollment Period for Current Employees

An Employee and his Dependents may enroll under the policy during an open enrollment period that runs from November 15 to December 15 of each year. If an Employee and his/her Dependents do not enroll

when Eligible on the policy Effective Date, during the initial enrollment period or during a special enrollment period as described above, an Employee or the Employee's Dependents must wait until the next annual open enrollment period to enroll. If an Employee or his/her Dependents enroll during an open enrollment period, the Employee's coverage and Employee's Dependent's coverage will be effective on January 1st next following the end of the open enrollment period.

SECTION 2 - TERMINATION OF INSURANCE OF INSURED

Insured Employee -The insurance of an Insured Employee will end on the earliest of the following dates:

- the date that any portion of the premium that is due is not paid;
- the premium due date following the date he/she is no longer an Employee;
- the date the policy terminates;
- if You have performed an act that constitutes fraud or made an intentional misrepresentation of material fact in writing in order to obtain coverage for a service, Your coverage will terminate immediately upon written notice of termination delivered by Us to You. However, if an Employee commits fraud or makes an intentional misrepresentation of material fact in writing on his/her enrollment form, We will rescind coverage if the facts misrepresented would have led Us to refuse to issue the coverage. Rescission means that the termination of the Employee's and Dependents' insurance has a retroactive effect to the Effective Date under the policy; or
- the date of the Employee's death.

Insured Dependent -The insurance of an Insured Dependent will end on the earliest of the following dates:

- the date the Insured Employee's insurance terminates. If the Insured Employee's insurance terminates because he/she dies, Dependent health coverage will remain in effect until the premium due date following 90 days after the Insured Employee's death. Extension of this coverage is subject to premium and any other applicable provisions of the policy;
- the premium due date following the date he/she no longer meets the definition of a Dependent as defined in the policy. An Insured Dependent Child who is losing coverage because he/she is turning 26 years of age and who because of a handicapped condition is incapable of self-support, may be continued under this insurance while remaining incapacitated, unmarried, and Dependent on his or her parents or other care providers for lifetime care and supervision. We may request Proof of Incapacity from time to time, but not before 2 months prior to the date his/her insurance would otherwise end. If Proof of Incapacity is not received within 31 days after it is requested, the Child will not be considered an Insured Dependent. If We do not request Proof of Incapacity, coverage for this Child shall extend through the term of the policy, or any extension or renewal of the policy.
- the date that any portion of the premium that is due is not paid.

Uniform Termination of Coverage

In the event that We no longer offer the type of coverage provided in the Policy, the Policyholder will be notified no later than 90 days prior to the date of the discontinuation. Such discontinuation would be made uniformly, without regard to claims experience or health-related factors of current Insureds and anyone who may become eligible for the coverage.

In the event that We discontinue all group health insurance coverage in the small group or large group markets in the State of Illinois, the Policyholder will be notified no later than 180 days prior to the date of the discontinuation. In such cases, all coverage issued or delivered in the affected group market would be discontinued.

If We uniformly modify, uniformly terminate or discontinue coverage in accordance with Section 30 or 50 of Act 97 , We will notify the Illinois Department of Insurance by certified mail at least 90 days prior to the notification of the Policyholder.

SECTION 3 - CLAIMS

NOTICE OF CLAIMS

We must receive written notice of claims. It must be given within 20 days after the date the loss began or as soon as reasonably possible. It may be given at Our Home Office or to one of Our agents. It must contain enough information to identify You.

CLAIM FORMS

We will provide claim forms within 15 days after We receive notice of claim. If We do not provide the forms, a claim may be filed without using them. Such claims must contain written Proof of Loss. It must cover the occurrence, type, and extent of loss.

PROOF OF LOSS

Written Proof of Loss must be sent to Our Home Office within 90 days after the loss or as soon as reasonably possible. It may include medical records, supplier invoices for supplies and other supporting documentation to determine coverage. Proof provided more than one year late will not be accepted unless evidence, satisfactory to Us, is submitted that shows it was not reasonably possible to submit proof within the time specified.

PHYSICAL EXAMINATION AND AUTOPSY

We, at Our expense, have the right to examine the Insured when and as often as We may reasonably require while a claim is pending or during any period in which We are paying benefits. In the case of death, We have the right to have an autopsy performed.

LEGAL ACTIONS

No suit at law or in equity may be brought to recover under the policy:

- any earlier than 60 days after written Proof of Loss has been sent to Us as required by the terms of the policy; or
- any later than three years after the time such proof must be sent.

ASSIGNMENT OF BENEFITS

You may assign the benefits provided by this certificate. We are not bound by any assignment unless it is received in written form at our home office. We are not responsible for any validity of any assignment. An assignment may limit the interest of the Insured Employee.

Unless otherwise specified by You, any assignment will take effect on the date the notice of assignment is signed by You, subject to any payments made or actions taken by us prior to receipt of the written notice of assignment.

PAYMENT OF CLAIMS

Clean Claims will be paid promptly upon receipt of due written Proof Of Loss. All claims payable under the terms of the policy shall be paid within 30 days following receipt by Us of due Proof Of Loss. Failure to pay within such period shall entitle the Insured to interest at the rate of 9% per annum from the 31st day after receipt of such Proof of Loss to the date of late payment, provided that interest amounting to less than one dollar will not be paid.

All accident and health benefits are payable to the Insured Employee or if You have assigned the benefits, to the assignee. However, We reserve the right to pay benefits directly to the Hospital or other provider of medical services. These payments will satisfy Our responsibility to the extent of the payments.

If any benefit remains payable after the death of the Insured or while he/she is not competent to give a valid release, We may pay a benefit up to \$1,000.00 to any relative of his/hers who We decide is justly entitled to it. Any payment made to his/her relatives in good faith will fully release Us of Our responsibility to the extent of the payment.

SECTION 4 - MAJOR MEDICAL BENEFIT PROVISIONS

AMOUNT OF BENEFIT

We will pay the amount of benefit shown on the Schedule of Benefits for Covered Expense after Your Cost-Sharing shown on the Schedule of Benefits has been met. Our payments are subject to the policy's definitions, provisions, limitations, and exclusions.

BENEFIT FOR COVERED EXPENSE PROVIDED DURING AN OFFICE VISIT AT A PREFERRED PHYSICIAN

After the applicable office visit Copay, We will pay 100% of Covered Expense for the office visit charge made by a Preferred Physician for Treatment of an Illness or Injury. The office visit Copay amounts are shown on the Schedule of Benefits. It applies to each office visit charge by a Preferred Physician.

If, during an office visit, a Preferred Physician performs and bills for x-ray or laboratory tests, We will waive the In-Network Deductible amount, and pay the Covered Expense for those x-ray or laboratory tests at the applicable In-Network Coinsurance percentage. The In-Network Coinsurance percentage amounts are shown on the Schedule of Benefits.

Before We pay any benefit for other services provided during an office visit by a Preferred Physician, Covered Expense equal to the In-Network Deductible must be incurred in a Calendar Year. We will then pay benefits for Covered Expenses provided by the Preferred Physician that are in excess of the In-Network Deductible for the remainder of the Calendar Year. These benefits will be paid at the applicable In-Network Coinsurance percentage shown on the Schedule of Benefits. If the amount of Covered Expense You pay meets the In-Network Maximum Out of Pocket, We will then pay the Covered Expense for these services at 100% for the remainder of the Calendar Year.

Services provided in an Urgent Care Center will not be considered services provided in the office of a Preferred Physician. Covered Expense provided in an Urgent Care Center will be paid as outlined under the section titled "Benefit for Covered Expense Provided by a Preferred Provider."

BENEFIT FOR COVERED EXPENSE PROVIDED BY A PREFERRED PROVIDER

Before We pay any benefit for other services provided by a Preferred Provider, Covered Expense equal to the applicable In-Network Deductible must be incurred in a Calendar Year. For Individual Coverage, the In-Network Individual Deductible must be met. For Family Coverage, the In-Network Family Deductible must be met. However, no one covered Insured will be required to incur more than the In-Network Individual Deductible regardless of Family Coverage.

After the applicable In-Network Deductible is satisfied, We will then pay benefits for Covered Expense provided by a Preferred Provider that are in excess of the applicable In-Network Deductible for the remainder of the Calendar Year. These benefits will be paid at the applicable In-Network Coinsurance Percentage shown on the Schedule of Benefits.

Once the applicable In-Network Out-of-Pocket Maximum amount has been met as shown for In-Network Providers on the Schedule of Benefits, We will pay the Covered Expenses at 100% for the remainder of the Calendar Year. For Individual Coverage, the Individual In-Network Out-of-Pocket Maximum must be met before benefit is paid at 100%. For Family Coverage, the In-Network Family Out-of-Pocket Maximum must be met before benefit is paid at 100%. However, no one covered Insured will be required to incur more than the In-Network Individual In-Network Out-of-Pocket Maximum regardless of Family Coverage.

BENEFIT FOR COVERED EXPENSE FOR EMERGENCY SERVICES PROVIDED IN A HOSPITAL EMERGENCY ROOM

When You incur Covered Expense for Emergency Services provided in a Hospital emergency room, You must pay an emergency room Access Fee as outlined in the Schedule of Benefits. This amount must be paid anytime You receive Emergency Services in a Hospital emergency room, and are not directly admitted to the Hospital as an Inpatient. This amount is in addition to any deductible amounts.

After You pay the emergency room Access Fee, We will pay other Covered Expense as outlined above in the section titled "Benefit for Covered Expense Provided by a Preferred Provider."

If You are directly admitted to the Hospital as an Inpatient following an emergency room visit, You will not be required to pay the emergency room Access Fee.

BENEFIT FOR COVERED EXPENSE PROVIDED BY A NON-PREFERRED PROVIDER

Before We can pay any benefit for other services provided by a Non-Preferred Provider, Covered Expense equal to the applicable Out-of-Network Deductible must be incurred in a Calendar Year. For Individual Coverage, the Out-of-Network Individual Deductible must be met. For Family Coverage, the Out-of-Network Family Deductible must be met. However, no one covered Insured will be required to incur more than the Out-of-Network Individual Deductible regardless of Family Coverage.

After the applicable Out-of-Network Deductible is satisfied, We will then pay benefits for Covered Expense provided by a Non-Preferred Provider that are in excess of the applicable Out-of-Network Deductible for the remainder of the Calendar Year. These benefits will be paid at the Out-of-Network Coinsurance Percentage shown on the Schedule of Benefits.

Once the applicable Out-of-Network Out-of-Pocket Maximum amount has been met as shown for Out-of-Network Providers on the Schedule of Benefits, We will pay the Covered Expenses at 100% for the remainder of the Calendar Year. For Individual Coverage, the Individual Out-of-Network Out-of-Pocket Maximum must be met before benefit is paid at 100%. For Family Coverage, the Out-of-Network Family Out-of-Pocket Maximum must be met before benefit is paid at 100%. However, no one covered Insured will be required to incur more than the Out-of-Network Individual Out-of-Pocket Maximum regardless of Family Coverage.

USE OF NON-PREFERRED PROVIDERS

When You use a Non-Preferred Provider:

- the amount of payment is based upon a reduced allowable amount, and not the actual billed charge; and
- You may be expected to pay a larger portion of the bill, even after We have paid the percentage of Covered Expense provided under the policy.

BENEFIT FOR SPECIALTY PHYSICIAN SERVICES BY A NON-PREFERRED PROVIDER

If care by a specialist is Medically Necessary and appropriate, and there is no Preferred Provider of the required specialty In-Network, the Plan will consider Covered Expenses by the Out-of-Network provider to be considered as if services were provided by a Preferred Provider. Use of Out-of-Network specialty Physicians due to convenience, Physician preference or patient/family preference does not qualify for extension of In-Network coverage. All covered health expenses from other providers resulting from use of a specialty provider will be considered Out-of-Network unless there are no In-Network providers available for use by the specialty provider. Consideration of covering Non-Preferred services as Preferred requires Pre-Approval by Us. Use of specialty providers for Treatment of an Emergency Medical Condition is covered under BENEFIT FOR EMERGENCY SERVICES.

BENEFIT FOR EMERGENCY SERVICES

Sometimes situations occur that require an Insured to receive care from a Non-Preferred Provider, instead of Preferred Providers. When an Insured requires Emergency Services as defined by the Policy, benefits will be calculated as if the services were provided by a Preferred Provider, even when the services are from a Non-Preferred Provider. The In-Network Deductible and In-Network Coinsurance percentage amounts will apply as long as emergency care is being rendered. Once it has been established that the Insured can safely transfer to the care of a Preferred Provider, We will only pay In-Network benefits for Preferred Providers. If the Insured chooses to continue to receive care from Non-Preferred Providers once the Insured is Stabilized and a safe transfer to a Preferred Provider can be made, benefit for expense from Non-Preferred Providers will be calculated using the Out-of-Network Deductible and Out-of-Network Coinsurance percentage amounts.

Medically Necessary and appropriate care provided outside of the United States due to an Emergency Medical Condition are also Covered Expenses.

DEDUCTIBLE CREDIT PROVISION

An Insured's deductible for the first Calendar Year can be reduced by any expense that:

- was applied to his/her deductible under the Former Policy for this Calendar Year; or
- was incurred during the 90 day period prior to the date the Policy became effective, and was applied to the deductible under the Former Policy.

This provision only applies to persons insured under the Former Policy on the day before the Policy became effective, and who have been continuously insured under the Policy since the Policy's Effective Date.

To receive credit under this provision, each Insured must provide Us with proof of the amount of credit earned under the Former Policy. This proof should be submitted at the same time or prior to the Insured filing the first claim under the Policy.

SECTION 5 - EXPENSES COVERED BY THE PLAN

Benefits are payable as outlined on the Schedule of Benefits for Covered Expense. Covered Expenses are charges for the following, subject to all other Policy provisions:

1. By a Hospital for:

- semiprivate room and board;
- care in the Intensive Care Unit;
- Hospital services and supplies which are to be used while in the Hospital;
- Emergency Services in a Hospital emergency room;
- outpatient medical care and Treatment.

Inpatient and overnight stays require Pre-Certification as outlined in Section 7 - Pre-Certification Program.

2. For outpatient surgery:

- performed in a licensed ambulatory surgical facility.

Inpatient and overnight stays require Pre-Certification as outlined in Section 7 - Pre-Certification Program.

3. By a Skilled Nursing Facility:

- that provides continuous skilled nursing services as ordered and certified by an Insured's attending Physician on an Inpatient basis. A registered nurse (R.N.) must supervise services and supplies on a 24 hour basis. The facility must be licensed as a Skilled Nursing Facility under applicable law.

No benefits will be provided for admissions to a Skilled Nursing Facility which are for the convenience of the patient or Physician or because care in the home is not available or the home is unsuitable for such care. We will reimburse You as shown in the Schedule of Benefits.

Skilled nursing care in a Hospital is included if the level of care needed by the Insured has been reclassified from acute care to skilled nursing care and no designated skilled nursing care beds or swing beds are available in the Hospital or in another Hospital or health care facility within a thirty-mile radius of the Hospital. We will reimburse You based on the Skilled Nursing Facility rate shown in the Schedule of Benefits.

Inpatient and overnight stays require Pre-Certification as outlined in Section 7 - Pre-Certification Program.

4. By a Physician for:

- office visits;
- Hospital care;
- surgical services, including postoperative care following Inpatient or outpatient surgery; for multiple surgical procedures performed during the same operative session, Covered Expense will include 100% of the Regular, Reasonable and Customary amount for the first surgical procedure, 50% of the Regular, Reasonable and Customary amount for the second surgical procedure, and 25% of the Regular, Reasonable and Customary amount for each additional surgical procedure;
- services of an assistant surgeon when Medically Necessary to perform the surgery, but no more than 20% of the amount allowed for the primary surgeon's fee;

- injections and medication that is consumed at the Physician's office. Requires Pre-Approval by Us;
- an additional surgical opinion following a recommendation for elective surgery limited to one consultation and related diagnostic service by a Physician. If You request, benefits will be provided for an additional consultation when the need for surgery, in Your opinion, is not resolved by the first arranged consultation.

5. Mental Health and Substance Use Disorder Services

- Inpatient Treatment at a Hospital
- Inpatient Treatment at a Residential Treatment Center (Substance Use Disorders only);
- Individual and group outpatient Treatment
- Partial Hospitalization;
- Intensive Outpatient Treatment (day treatment); and
- Detoxification (sub-acute/non-medical)

Partial hospitalization, Inpatient and overnight stays require Pre-Certification as outlined in Section 7-Pre-Certification Program.

6. Home Health Care Services

- home health aide services - when provided in conjunction with a Medically Necessary skilled service also received in the home.
- home skilled nursing - Treatment must be given by a registered nurse (R.N.) or licensed practical nurse (L.P.N.) from an agency accredited by the Joint Commission for Accreditation of Health Care Organizations (JCAHO) and/or a Medicare-certified agency. The daily benefit for home skilled nursing services will not exceed the Regular, Reasonable and Customary charge.
- inhalation therapy
- medical equipment
- medical social services.
- medical supplies.
- Occupational Therapy - but only for services to treat the upper extremities, which means the arms from the shoulder to the fingers. Occupational Therapy supplies are not covered under this benefit.
- oxygen and equipment for its administration.
- parenteral and enteral nutrition.
- Physical Therapy.
- prescription drugs and medicines administered in the vein or muscle.
- prosthetic devices and braces.
- Speech Therapy.

All of the following requirements must be met in order for a home health services to be a Covered Expense:

- the Insured requires a Medically Necessary skilled service such as skilled nursing, Physical Therapy, or Speech Therapy.
- services are received from an agency accredited by the Joint Commission for Accreditation of Health Care Organizations (JCAHO) and/or a Medical-certified agency.
- services are prescribed by a Physician for the Treatment of Illness or Injury.
- services are not more costly than alternative services that would be effective for diagnosis and Treatment of the Insured's condition.
- Pre-Approval was obtained.

7. Hospice Services

Care (generally in a home setting) for patients who are terminally ill and have a life expectancy of one year or less. Hospice Care covers the same services as described under Home Health Services, as well as Hospice Respite Care from a facility approved by Medicare or by the Joint Commission for Accreditation of Health Care Organizations (JCAHO). Hospice Respite Care offers rest and relief help for the family caring for a terminally ill patient. Inpatient Respite Care can take place in a nursing home, Skilled Nursing Facility or Hospital. Services require Pre-Approval by Us.

The following services are covered under the Hospice Care Program:

- coordinated home care;
- medical supplies and dressings;
- medication;
- nursing services - skilled and non-skilled;
- Occupational Therapy;
- Pain Management Services;
- Physical Therapy;
- Physician visits;
- social and spiritual services;
- Respite Care Service.

The following services are **not** covered under the Hospice Care Program:

- Durable Medical Equipment;
- home delivered meals;
- homemaker services;
- traditional medical services provided for the direct care of the terminal illness, disease or condition;
- transportation, including, but not limited to, ambulance transportation.

8. Maternity Services

- Prenatal and postnatal care, delivery, including Complications of Pregnancy.
- Maternity services include a minimum of:
 - 48 hours of Inpatient care (in addition to the day of delivery) following a vaginal delivery, or
 - 96 hours of Inpatient care (in addition to the day of delivery) following a cesarean section.

The attending practitioner, in consultation with the mother, may discharge the mother or newborn prior to 48 or 96 hours, as applicable. If the Inpatient Hospital stay is shorter, coverage includes a follow-up postpartum home visit by an approved provider competent to perform postpartum care.

For a covered pregnancy of an Insured mother under the Policy, expenses incurred for a well Newborn Child's initial Hospital confinement will be considered a Covered Expense under the Insured mother's coverage. In the case of other insurance coverage for the mother, normal Coordination of Benefits will apply as if the charges for the well Newborn are for the mother. No benefits are provided for the well Newborn initial Hospital confinement when the mother is not insured under the Policy. Mother and well Newborn will be considered one Insured until discharge from the initial Hospital confinement and therefore the Mother must be Eligible for coverage for the Newborn's initial Hospital confinement to be eligible. In the case of a non-well Newborn with an Illness or Injury, all usual Policy provisions apply.

9. Preventive Care

The following preventive care services are covered without regard to any Cost-Sharing requirements such as Deductible, Copay or Coinsurance requirements that would otherwise apply when received from an In-Network provider. Refer to the Schedule of Benefits for Out-of-Network coverage, if applicable.

- evidenced-based items or services that have in effect a rating of "A" or "B" in the current recommendations of the United States Preventive Services Task Force. The current recommendations of the United States Preventive Service Task Force regarding breast cancer screening, mammography, and prevention will be considered the most current other than those issued in or around November 2009. Except oral medications that meet these requirements are covered under the 11. Prescription Benefit of this section;
- immunizations that have in effect a recommendation from the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention with respect to the Insured involved. Reimbursement for immunizations containing no more than trace amounts of mercury as defined by the United States food and drug administration shall be at the acquisition cost rate for immunizations containing no more than trace amounts of mercury;
- A medically recognized diagnostic examination for the detection of prostate cancer. Covered Expense includes: annual digital rectal examination, and prostate specific antigen (PSA) test for asymptomatic male Insureds 50 years of age or older, and for asymptomatic male Insureds 40 years of age or older when there is family history of prostate cancer or another prostate cancer risk factor.
- colorectal cancer screening as prescribed by a Physician in accordance with the published American Cancer Society guidelines on colorectal cancer screening or other existing colorectal cancer screening guidelines issued by nationally recognized professional medical societies or federal government agencies, including the National Cancer Institute, the Centers for Disease Control and Prevention, and the American College Gastroenterology.
- bone mass measurement.
- shingles vaccine.
- human papilloma virus (HPV) vaccination
- with respect to Insureds who are infants, Children and adolescents, evidence-informed preventive care and screenings provided for in the comprehensive guidelines supported by the Health Resources and Services Administration; and
- with respect to Insureds who are women, such additional preventive care and screenings as provided for in comprehensive guidelines supported by the Health Resources and Services Administration including:
 - one well-woman preventive care visit per Calendar Year for an adult woman to obtain the recommended preventive screening services that are age appropriate and developmentally appropriate, including preconception and one visit for prenatal care. More than one visit may be needed to obtain all the recommended preventive screening services, depending on a woman's health status, health needs and other risk factors. Additional well-woman visits will be covered if the Physician determines they are necessary to help establish what preventive screening services are appropriate and to set up a plan to help the woman get the care she will need to be healthy.
 - one screening for gestational diabetes for pregnant women between 24 and 28 weeks of gestation and at the first prenatal visit for pregnant women identified to be high risk for diabetes.
 - high-risk human papilloma virus (HPV) DNA testing in women with normal cytology results. One screening is covered for females 30 years of age and over and will be covered no more frequently than once every 3 years.
 - one counseling session per Calendar Year for counseling on sexually transmitted infections for all sexually active women.
 - one counseling session and screening per Calendar Year for human immune-deficiency virus infection for all sexually active women.
 - female contraceptive methods, outpatient contraceptive services, female sterilization procedures, and patient education and counseling for all women with reproductive capacity. Reasonable medical cost management measures such as, but not limited to, requirement of Equivalent Generic Drug when available and appropriate will apply. Oral contraceptives must be processed using the prescription drug card and additional coverage is outlined in Section 5, 11. Prescription Benefits.

- one screening and counseling for interpersonal and domestic violence per Calendar Year.
- breastfeeding support, supplies and counseling in conjunction with each birth: Covered Expense includes comprehensive lactation support and counseling by a trained provider during Pregnancy and/or in the postpartum period. Coverage includes the costs of renting or purchase of one breast pump per pregnancy for the duration of the breast feeding. Supplies and equipment are considered Durable Medical Equipment and require Pre-Approval by Us
- annual cervical pap smear;
- clinical breast examinations for the purpose of early detection and prevention of breast cancer as follows: (1) at least every 3 years for a female Insured at least 20 years of age but less than 40 years of age; and (2) annually for a female Insured 40 years of age or older.
- baseline mammography for female Insured 35 years of age or older.
- an annual mammogram for female Insured 40 years of age or older;
- a mammogram at the age and intervals considered Medically Necessary by the female Insured's health care provider for women under 40 years of age
- a comprehensive ultrasound screening of an entire breast or breasts if a mammogram demonstrates heterogeneous or dense breast tissue, when Medically Necessary as determined by a Physician
- annual ovarian cancer screening for females using CA-125 serum tumor marker testing, transvaginal ultrasound, and pelvic examination.

If there is no In-Network provider that can perform the services under Preventative Care, charges will be considered under the In-Network benefit. Pre-Approval for Treatment provided by an Out-of-Network Provider should be obtained to ensure care will qualify for In-Network coverage. Out-of-Network benefits will apply if there are In-Network Providers who can provide the Preventative Care

10. Transplants

- certain bone marrow/stem cell transfers from a living donor
- heart
- heart and lung
- kidney
- liver
- lung
- pancreas
- simultaneous pancreas/kidney
- small bowel

We will not deny reimbursement for an otherwise Covered Expense incurred for any organ transplantation procedure solely on the basis that such procedure is deemed Investigational unless supported by the determination of the Office of Health Care Technology Assessment within the Agency for Health Care Policy and Research within the federal Department of Health and Human Services that such procedure is Investigational or that there is insufficient data or experience to determine whether an organ transplantation procedure is clinically acceptable. If We made written request, or had one made on Our behalf by a national organization, for determination by the Office of Health Care Technology Assessment within the Agency for Health Care Policy and Research within the federal Department of Health and Human Services as to whether a specific organ transplantation procedure is clinically acceptable and said organization fails to respond to such a request within a period of 90 days, the failure to act shall be deemed a determination that the procedure is deemed to be Investigational.

Benefits will be provided for:

- Inpatient and Outpatient covered services relating to the transplant surgery;
- Evaluation, preparation and delivery of the donor organ;

- Removal of the organ from the donor;
- Transportation of the donor organ to the location of the transplant surgery as long as the transportation is within the United States or Canada.

Benefits are available to both the recipient and donor of a covered transplant as follows:

- If both the donor and recipient have coverage provided for transplants, then benefits will be paid by each individual's respective plans;
- If You are the recipient for the transplant and the donor of the transplant has no coverage from any other source, the benefits under this Policy will be provided for both you and the donor with payments made being charged against your benefits;
- If You are the donor for the transplant and no coverage is available from any other source, benefits under this Certificate will be provided to you but no benefits will be provided for the recipient.

Travel/Lodging Benefit

When a covered organ transplant is performed at a Designated Transplant Facility, We will provide:

- transportation for the Insured patient and one member of the Insured patient's Immediate Family to accompany the Insured patient to and from the Designated Transplant Facility; and
- lodging at or near the Designated Transplant Facility for the family member who accompanied the Insured patient, while the covered person is confined at the Designated Transplant Facility.

We will arrange the transportation and lodging at no cost to the Insured patient; except that the daily maximum benefit We will pay for food and lodging for the family member who accompanied the covered person is \$200.00 with a total maximum of \$10,000. We must be provided with itemized bills for all transportation, food and lodging expenses.

Transplants require Pre-Approval by Us.

11. Prescription Benefits

The prescription benefits are facilitated through a drug card administered by the prescription drug card company, hereafter referred to as the RX Company. Benefit is provided for Covered Expense incurred for drugs which require a written prescription and which are dispensed by a licensed pharmacist. The prescription benefit also provides benefit for expense for insulin, syringes for administration of insulin, test strips for glucose monitors, and glucagon emergency kits, when prescribed by a Physician and dispensed by a licensed pharmacist.

Amount of Benefit

The Insured must pay a prescription Copay amount each time he/she places a prescription order. The amount of the Copay will vary by the type of medication purchased and the place of purchase.

Prescriptions Purchased at a Retail Pharmacy - 34 day supply

You may purchase a prescription drug order at a retail pharmacy, as long as the order does not exceed a 34 day supply. An exception will be made for non-Specialty medication once a 30 day supply has been covered under this Policy. In such cases, You may purchase up to a 90 day supply at a retail Participating Pharmacy.

You must pay the applicable Retail Prescription Copay amount. We will then pay 100% of the amount in excess of the Retail Prescription Copay amount as shown on the Schedule of Benefits. The Copay will vary based on if the drug is Generic, Brand, Preferred Brand or Specialty. The retail Copay tiers are outlined in the Schedule of Benefits. All drug classifications are determined by the RX Company.

When purchasing a qualified medication for greater than a 34 day supply, you must pay the applicable Retail Prescription Copay according to the schedule below;

- 1 copayment for a 30 day supply
- 2 copayments for a 60 day supply
- 3 copayments for a 90 day supply

Prescriptions Purchased From the RX Company Mail Order Program

You may purchase a prescription drug order from the RX Company Mail Order pharmacy, as long as the order does not exceed a 90 day supply for all classifications other than Specialty drugs. Specialty drugs may not be purchased in quantities larger than a 34 day supply. You must pay the applicable Mail Order Prescription Copay amount. We will then pay 100% of the amount in excess of the Mail Order Prescription Copay amount as shown on the Schedule of Benefits. The Copay will vary based on if the drug is Generic, Brand, Preferred Brand or Specialty. The mail order Copay tiers are outlined in the Schedule of Benefits. All drug classifications are determined by the RX Company.

Allowable Covered Prescription Expense

A prescription drug order is a request for each separate prescription drug and/or each authorized refill, if ordered by a Physician.

Expense incurred for a prescription drug order for the following items will be considered allowable covered prescription expense:

- self-injectible and non-injectible legend drug (refer to SECTION 5 - EXPENSES COVERED BY THE PLAN and SECTION 6 - EXPENSES NOT COVERED BY THE PLAN for injectible legend drugs);
- insulin and epipens on prescription;
- disposable insulin needles/syringes;
- test strips for glucose monitors;
- lancets for diabetic blood monitoring;
- glucagon emergency kits;
- Tretinoin, all dosage forms (Retin-A), when Medically Necessary;
- oral contraceptives and female contraceptive devices, (at no cost share) see Special Handling in this section;
- oral medications ordered in conjunction with a covered Infertility Treatment plan as defined by SECTION 5 - EXPENSES COVERED BY THE PLAN, 13. Infertility;
- evidenced-based preventative oral medications that have in effect a rating of "A" or "B" in the current recommendations of the United States Preventive Services Task Force, (at no cost share) see also Special Handling in this section;
- erectile dysfunction medications but limited to 6 pills per month;
- compound medications if at least one ingredient is a legend drug;
- any other oral drug which, under the applicable state laws, may be only dispensed upon a written prescription of a Physician or other lawful prescriber.

When You purchase a Brand or Preferred Brand drug that has a FDA-approved generic equivalent, We will pay only what We would have paid for the Equivalent Generic Drug. You will be responsible for the applicable retail or mail order generic Copay plus any remaining cost difference between the Brand or Preferred Brand cost in excess of the cost of the Equivalent Generic Drug. This remaining cost You will incur is a non Covered Expense and will not accumulate towards any limits including Your Maximum Out of Pocket.

Most prescription drugs are limited to a maximum quantity You may receive in a single prescription. Limits are determined by the RX Company and Federal regulations that limit the quantity that may be dispensed for certain medications. If Your prescription is so regulated, it may not be available in the amount prescribed by Your Physician.

In addition, coverage for certain drugs is limited to specific quantities per day, month, year, or lifetime based on medical guidelines determined by the RX Company and/or the FDA. Amounts in excess of medically appropriate quantity limitations are not covered.

Prescription inhalants to enable Insureds to breathe when suffering from asthma or other life-threatening bronchial ailments will not be denied based upon any restriction on the number of days before an inhaler refill may be obtained if, contrary to those restrictions, the inhalants have been ordered or prescribed by the treating Physician and are medically appropriate.

Immunosuppressant drugs used as part of an immunosuppressive therapy to inhibit or prevent the rejection of an organ or tissue transplant, prescribed as "may not substitute" will be filled as such unless notification and documented consent of the physician and Insured occurs.

Any expense considered under the drug card will not be considered under any other provision of the Policy.

Non Covered Prescription Expense

The following are not Covered Expenses under the Prescription Benefit, regardless of the reason they are prescribed:

- the amount of expense for a medication that is in excess of the amount agreed upon between the RX Company and Us;
- the difference between the cost of a brand or preferred brand drug and a generic drug, if the generic drug has been designated as and Equivalent Generic Drug;
- duplicate prescriptions or prescriptions refilled more frequently than the prescribed dosage indicates (to be eligible for coverage under the prescription benefit, a prescription purchased at retail pharmacy cannot be filled until the patient has used 75% of the medication as prescribed and a prescription purchased at mail order cannot be refilled until the patient has used 60% of the medication as prescribed);
- any prescription drug that is not intended to be self administered;
- medication which is to be taken or administered to an individual, in whole or in part, while he or she is a patient in a Hospital, rest home, sanitarium, Skilled Nursing Facility, convalescent care facility, nursing home, or similar institution which operates on its premises or allows to be operated on its premise, a facility for dispensing pharmaceuticals;
- drugs dispensed by a Physician;
- fluoride supplements;

- blood or blood plasma;
- minerals
- Minoxidil (Rogaine) or other similar medications for the Treatment of alopecia;
- Nicorette or any other medication containing nicotine or other smoking deterrent medications;
- Anorexiant or any drugs used for the purpose of weight loss or weight control;
- Non-legend drugs, other than insulin;
- Tretinoin, all dosages forms (Retin A), for individuals 26 years of age or older;
- Vitamins, singly or in combination, except for legend prenatal vitamins or as outlined in Allowable Covered Prescription Expense;
- Therapeutic devices or appliances, including needles, syringes, support garments and other non-medical substances, regardless of intended use, except those listed under Allowable Covered Prescription Expense;
- Charges for administration or injection of any drug

- Prescriptions which an Eligible person is entitled to receive without charge under any Worker's Compensation law;
- Drugs labeled "Caution-limited by federal laws to investigational use" or Experimental/Investigational drugs. Except as outlined in SECTION 5 - EXPENSES COVERED BY THE PLAN, 12. Clinical Trials;
- Prescriptions refilled in excess of the number ordered by the Physician;
- Prescriptions refilled after one year from the Physician's original order;
- Prescriptions to replace lost, stolen or damaged prescriptions;
- Prescriptions for the Treatment of Infertility, except as outlined in SECTION 5 - EXPENSES COVERED BY THE PLAN, 13. Infertility;
- Prescription legend drugs when multiple drug options are available and the least expensive is not tired first according to the RX Company's step therapy requirements;
- Any charge for a prescription drug dosage that exceeds the RX Company's optimum dosage limits;
- Any charge for more than a 90 day supply;
- Female brand and preferred brand contraceptive medications and devices when a Equivalent Generic is available (unless Medically Necessary to use brand or preferred brand);
- Any contraceptive medication or device in which benefits were previously provided under another section of the Policy;
- prescription drugs prescribed for cosmetic reasons;
- drugs used primarily for cosmetic purposes, regardless of intended use;
- convenience packaging when the cost exceeds the cost of the drug when purchased in its normal container;
- drugs abused or otherwise misused by an Insured.
- Most prescription and non-prescription nutritional and dietary supplements are not Covered Expenses under this benefit including, but not limited to:
 - special dietary formulas.
 - herbal products.
 - fish oil products.
 - minerals.
 - supplementary vitamin preparations.
 - multivitamins.
 - most over-the-counter products, including nutritional dietary supplements.
 - prescription drugs that are not FDA-approved.
 - self-help or self-cure products or drugs.

Special Handling of Medications Provided at No Cost Share

Certain medications outlined in this Prescription Benefit section are provided at no cost share. However, there may be a cost share when a brand or preferred brand medications is used and an Equivalent Generic Drug is available and use of the brand or preferred brand is not Medically Necessary.

Special Handling of Medications for Cancer

Your Cost Share for Covered Expense for oral chemotherapy medications under the Prescription Benefits section will never exceed the Cost Share You would pay for any other type of cancer Treatment provided under other sections of the Policy.

How to File a Claim for Prescription Benefits

To file a claim at a retail pharmacy, an Insured must present his/her prescription drug card to the Participating Pharmacy. The pharmacist will use the card to file the claim with the RX Company.

If the Insured does not have his/her prescription drug card at the time the Insured needs to purchase a prescription at the retail pharmacy, a paper claim can be filed by the Insured with the RX Company. The Insured can also file a paper claim with the RX Company for prescriptions purchased at a non Participating Pharmacy. Prescriptions purchased in a non-emergency situation at a non Participating Pharmacy will only be reimbursed at the quantity and rate the prescription would have been allowed at a Participating Pharmacy.

Participating Pharmacy means any pharmacy which is enrolled as a participant in the RX Company's prescription drug program.

Non Participating Pharmacy means a pharmacy licensed in the United States to dispense prescription drugs which is not a Participating Pharmacy. It is not a pharmacy in a Physician's office, Hospital, rest home, sanitarium, extended care facility, convalescent Hospital, nursing home or similar institution.

To file a claim under through Mail Order, an Insured must submit the original prescription and any necessary mail order forms to the RX Company's Mail Order facility. The necessary forms and instructions can be obtained from Us or the RX Company's Mail Order provider.

12. Clinical Trials

Covered Expense includes routine patient costs incurred by a qualified individual who participates in an approved clinical trial. A qualified individual who wishes to participate in an approved clinical trial must obtain Pre-Approval and use an In-Network Provider if an In-Network Provider is participating in the trial and the In-Network Provider accepts the qualified individual as a participant in the trial. However, if the approved clinical trial is either conducted outside the state in which the qualified individual resides by an Out-of Network Provider or there is no In-Network provider conducting the approved clinical trial and accepting the qualified individual in the individual's state of residence, then routine patient costs will be covered as if provided by an In-Network provider and subject to Regular, Reasonable and Customary.

For the purpose of this Benefit, the following definitions apply:

Approved Clinical Trial

A phase I, phase II, phase III, or phase IV Clinical Trial that is

- (1) conducted in relation to the prevention, detection, or Treatment of cancer or other life-threatening disease or condition and
- (2) is one of the following:
 - Federally funded trials
 - The study or investigation is approved or funded (which may include funding through in-kind contributions) by one or more of the following:
 - The National Institutes of Health.
 - The Centers for Disease Control and Prevention.
 - The Agency for Health Care Research and Quality.
 - The Centers for Medicare & Medicaid Services.
 - A bona fide Clinical Trial Cooperative group or center of any of the entities described in clauses 1) through 4) above or the Department of Defense or the Department of Veterans Affairs.
 - A qualified non-governmental research entity identified in the guidelines issued by the National Institutes of Health for center support grants.
 - In any of the following clauses below if the following conditions are met: The study or investigation has been reviewed and approved through a system of peer review that the Secretary determines to be comparable to the system of peer review of studies and

investigations used by the National Institutes of Health and assures unbiased review of the highest scientific standards by qualified individuals who have no interest in the outcome of the review.

- The Department of Veterans Affairs
- The Department of Defense
- The Department of Energy; or.
- The study or investigation is conducted under an investigational new drug application reviewed by the Food and Drug Administration; or
- The study or investigation is a drug trial that is exempt from the investigational new drug application requirements.

Life-threatening condition

Any disease or condition from which the likelihood of death is probable unless the course of the disease or condition is interrupted.

Qualified Individual

An Insured who meets the following conditions:

- The individual is eligible to participate in an approved Clinical Trial according to the trial protocol with respect to Treatment of cancer or other life-threatening diseases or conditions.

Either:

- the referring health care provider has concluded that the Insured's participation in the clinical trial would be appropriate based upon the Insured meeting the conditions described in paragraph a. above; or
- the Insured provides medical and scientific information establishing that participation in such trial would be appropriate based upon the Insured meeting the conditions described above.

Routine Patient Costs

All items and services that are typically covered by the Policy for a qualified individual who is not enrolled in a clinical trial. Routine patient costs do not include:

- the investigational item, device, or service, itself;
- items and services that are provided solely to satisfy data collection and analysis needs and that are not used in the direct clinical management of the patient; or
- a service that is clearly inconsistent with widely accepted and established standards of care for a particular diagnosis.

Clinical Trial participation requires Pre-Approval by Us.

13. Infertility

Expenses incurred for the diagnosis and/or Treatment of Infertility, including, but not limited to, in-vitro fertilization, uterine embryo lavage, embryo transfer, artificial insemination, gamete intrafallopian tube transfer, zygote intrafallopian tube transfer, low tubal ovum transfer, intra-cytoplasmic sperm injection, and non-oral prescription fertility drugs will be considered Covered Expenses. Oral prescription drugs ordered as part of a covered Infertility Treatment plan are considered under SECTION 5 - EXPENSES COVERED BY THE PLAN 11. Prescription drugs.

Infertility means the inability to conceive a Child after one year of unprotected sexual intercourse or the inability to sustain a successful pregnancy. The one year requirement will be waived if Your Physician determines that a medical condition exists that makes conception impossible through unprotected sexual intercourse including, but not limited to, congenital absence of the uterus or ovaries, absence of the uterus or ovaries due to surgical removal due to a medical condition, or involuntary sterilization due to chemotherapy or radiation treatments; or, efforts to conceive as a result of one year of medically based and supervised methods of conception, including artificial insemination, have failed and are not likely to lead to a successful pregnancy.

Unprotected sexual intercourse means sexual union between a male and female without the use of any process, device or method that prevents conception including, but not limited to, oral contraceptives, chemicals, physical or barrier contraceptives, natural abstinence or voluntary permanent surgical procedures and includes appropriate measure to ensure the health and safety of sexual partners.

Benefits for Treatments that include oocytes retrievals will be provided only when:

- You have been unable to attain or sustain a successful pregnancy through reasonable, less costly, medically appropriate Infertility Treatments; however, this requirement will be waived if You or Your partner has a medical condition that makes such Treatment useless; and
- You have not undergone four completed oocytes retrievals, except that if a live birth followed a completed oocyte retrieval, two more completed oocytes retrievals shall be covered.

Benefits will also be provided for medical expenses of an oocytes or sperm donor for procedures used to retrieve oocytes or sperm and the subsequent procedure to transfer the oocytes or sperm to You. Associated donor medical expenses are also covered, including, but not limited to, physical examinations, laboratory screenings, psychological screenings and prescription drugs.

The maximum number of completed oocytes retrievals that are eligible for coverage while You are covered under this Policy is six. Following the final completed oocytes retrieval, benefits will be provided for one subsequent procedure to transfer the oocytes or sperm to You. Thereafter, You will have no benefits for Infertility Treatment.

Special Limitations

Benefits will not be provided for the following:

- services or supplies rendered to a surrogate, except that costs for procedures to obtain eggs, sperm or embryos from You will be covered if You choose to use a surrogate.
- selected termination of an embryo; provided, however, termination will be covered where the mother's life would be in danger if all embryos were carried to full term.
- expenses incurred for cryo-preservation or storage of sperm, eggs or embryos, except for those procedures which use a cryo-preserved substance.
- non-medical costs of an egg or sperm donor.
- Infertility Treatment which is deemed Experimental/Investigational, in writing, by the American Society for Reproductive Medicine or the American College of Obstetricians and Gynecologists.
- Infertility Treatment rendered to Your Dependents under age 18.

In addition to the above provisions, in-vitro fertilization, gamete intrafallopian tube transfer, zygote intrafallopian tube transfer, low tubal ovum transfer and intracytoplasmic sperm injection procedures must be performed at medical facilities that conform to the American College of Obstetricians and Gynecologists guidelines for in-vitro fertilization clinics or to the American Society for Reproductive Medicine minimal standards for programs of in-vitro fertilization.

Any Treatment for Infertility requires Pre-Approval from Us.

14. Therapy – Physical, Manipulative, Occupational, Speech

Expenses incurred for the following therapies will be considered Covered Expenses:

- Physical Therapy
- Manipulative Therapy (Osteopathic, Chiropractic, Naprapathic Services)
- Occupational Therapy
- Speech Therapy

Therapy must be furnished under a written plan established by a Physician and regularly reviewed by the therapist and Physician. The plan must be established before Treatment is begun and must relate to the type, amount, frequency and duration of therapy and indicate the diagnosis and anticipated goals.

The expectation must exist that the therapy will result in a practical improvement in the level of functioning within a reasonable period of time. The expense must not be for supervised exercise. However, benefits will also be provided for preventive or Maintenance Physical Therapy when prescribed for Insureds affected by multiple sclerosis.

Up to 20 visits per Calendar Year will be considered Covered Expense. In-Network and Out-Of-Network services will both count towards the 20 visit Calendar Year limit. All services provided in one day will be considered a visit.

The 20 visit limit will not apply to Physical, Occupational or Speech therapy when Pre-Approval of the Treatment has been obtained from Us and is for the Treatment of:

- Burns;
- Fractures;
- joint replacements;
- immediately following surgery; or
- immediately following a stroke

Coverage for Habilitative Services is outlined in SECTION 5 - EXPENSES COVERED BY THE PLAN, 16. For other services and supplies.

15. Prosthetic devices, orthotic devices and special appliances

Expenses incurred for prosthetic devices, orthotic devices and special appliances will be considered Covered Expenses when Pre-Approval has been obtained from Us and they are:

- required to replace all or part of an organ or tissue of the human body;
- required to replace all or part of the function of a non-functioning or malfunctioning organ or tissue;
- a supportive device for the body or a part of the body, head, neck or extremities, including but not limited to leg, back, arm and neck braces; or
- a replacement in whole or in part, an arm or a leg including accessories essential to the effective use of the device;

Covered Expenses will also include adjustments, repair and replacements of covered prosthetic devices, orthotic devices and special appliances when required because of wear or change in an Insured's medical or physical condition, as Medically Necessary.

Covered Expenses do not include:

- foot orthotics defined as any in-shoe device designed to support the structural components of the foot during weight-bearing activities
- Dental appliances other than intra-oral devices used in connection with the Treatment of Temporomandibular Joint Dysfunction and Related Disorders
- replacement of cataract lenses when a prescription change is not required; or
- any other excluded devices as outlined in SECTION 6 - EXPENSES NOT COVERED BY THE PLAN

If more than one prosthetic device can meet Your functional needs, benefits are available only for the prosthetic device that meets the minimum specifications for Your needs. If You purchase a prosthetic device that exceeds these minimum specifications, We will pay only the amount that We would have paid for the prosthetic that meets the minimum specifications, and You will be responsible for paying any difference in cost.

16. For other services and supplies for:

- anesthesia and its administration;
- x-rays;
- laboratory tests;
- allergy testing and Treatment;
- Infertility diagnosis;

- radiation therapy, when Pre-Approval of the Treatment has been obtained from Us;
- chemotherapy, or similar Treatment, provided in the office or the home, but the Covered Expense for chemotherapy provided through a Physician's office will not exceed the Regular, Reasonable, and Customary fees for home chemotherapy when Pre-Approval of the Treatment has been obtained from Us;
- the initial purchase of artificial eyes, limbs and larynx, when Pre-Approval has been obtained from Us;
- blood, blood plasma, and its administration;
- casts, splints, trusses, orthopedic braces, and crutches, when Pre-Approval has been obtained from Us;
- ostomy supplies, when Pre-Approval has been obtained from Us;
- Durable Medical Equipment, when Pre-Approval has been obtained from Us. Benefits will be provided for the rental (but not to exceed the total cost of equipment) or purchase of Durable Medical Equipment required for temporary therapeutic use provided that this equipment is primarily and customarily used to serve a medical purpose;
- surgical dressings for two months following surgery, when Pre-Approval has been obtained from Us;
- the purchase of one pair of the following while Insured when Pre-Approval has been obtained from Us, :
 - one pair of orthopedic shoes;
 - one support stocking for each leg;
 - one article of similar apparel-type item;
- local ground ambulance transportation to the nearest Hospital able to provide the care not to include long distance trips where ambulance is used because it is more convenient than other transportation;
- air ambulance transportation to the nearest Hospital or Skilled Nursing Facility able to provide the care;
- Urgent Care services provided at an Urgent Care Center;
- outpatient diabetes self-management training, education and medical nutrition therapy if these services are rendered by a Physician, or duly certified, registered or licensed health care professional with expertise in diabetes management;
- regular foot care examinations by a Physician for the care or Treatment of diabetes;

- hearing aids or examinations for the prescription or fitting of hearing aids, except for bone anchored hearing aids (osseointegrated auditory implants);
- routine hearing examinations;
- custodial home care services and supplies, which help an Insured with their daily living activities. This type of care does not require the continuing attention and assistance of licensed medical or trained paramedical personnel. Some examples of Custodial Care are assistance in walking and getting in and out of bed; aid in bathing, dressing, feeding, and other forms of assistance with normal bodily functions; preparation of special diets; and supervision of medication that can usually be self-administered. An Insured is not covered for sanitarium care or rest cures.
- maternity services and newborn care if the mother is a surrogate mother;
- elastic stockings or bandages including trusses, lumbar braces, garter belts, and similar items that can be purchased without a prescription;
- certain disorders related to early childhood, such as academic underachievement disorder;
- communication disorders, such as stuttering and stammering;
- telephone consultations, charges for failure to keep scheduled appointments, charges for completion of any form, charges for medical information, recreational therapy, and any services or supplies that are nonmedical;
- Occupational Therapy supplies;
- therapy provided as an Inpatient in the absence of a separate medical condition that requires Hospitalization;

- orthotic foot devices such as arch supports or in-shoe supports, orthopedic shoes, elastic supports, or examinations to prescribe or fit such devices;
- examinations for prescription and fitting of a prosthetic device.

 - Foreign object retained after surgery
- Any charges for hospital acquired conditions as defined by the most current listing by The Centers for Medicare & Medicaid Services (CMS). No charges or days associated with the hospital acquired condition should be billed to You or Us.

SECTION 7 - PRE-CERTIFICATION PROGRAM

To qualify for full benefits under the Policy, You must call the Pre-Certification Hotline (1-800-245-3005) if:

- You are going to be admitted as an Inpatient to a Hospital, Skilled Nursing Facility, Substance Use Treatment (including Partial Hospitalization); or
- You are going to have an overnight stay at any facility

You can make the phone call, or You can have a relative or Your Physician make the phone call. However, You are responsible for making sure that someone calls the Pre-Certification Hotline.

NON-EMERGENCY HOSPITALIZATIONS OR SURGERIES

The Pre-Certification Hotline must be called at least 72 hours before an Insured is admitted to a Hospital, Skilled Nursing Facility, Substance Use Treatment Facility for an Inpatient stay and at least 72 hours before an Insured is scheduled for an overnight stay at any facility.

MEDICAL EMERGENCY

The Pre-Certification Hotline must be called within 2 business days (or as soon as reasonably possible if the Insured's condition prevents them from calling within that time frame) following emergency surgery or emergency admission to a Hospital or Skilled Nursing Facility.

PREGNANCY

The Hotline must also be called if a Hospital stay exceeds:

- 48 hours following a vaginal delivery (not including the day of delivery); or
- 96 hours following a cesarean birth (not including the day of delivery).

If discharge from the Hospital occurs earlier, a post-discharge visit will be provided to the mother and newborn by providers competent in postpartum care and newborn assessment if determined medically appropriate by the attending Physician.

INFORMATION NEEDED

When a person calls the Hotline, he/she should have the following information available:

- the Insured patient's name, date of birth, sex, and the certificate number of the Insured;
- the proposed (or actual) date and reason for admission or stay;
- the name and phone number of the facility and admitting Physician;
- any information regarding any other insurance plans.

PRE-CERTIFICATION PROCESS

When a call is made to the Pre-Certification Hotline, the caller will be given a Pre-Certification number along with the reviewer's recommendations. The reviewer will assign a length of stay to the admission.

If Your stay exceeds the recommended length of stay, the facility or Your Physician should contact the reviewer, who will again review Your case.

MEDICAL NECESSITY

No benefits will be payable for any confinement that is not approved by the reviewer as being Medically Necessary. The fact that a Physician or another health care provider has prescribed or ordered an admission, or continued stay, does not necessarily mean the stay is Medically Necessary. Benefits are only payable if the Pre-Certification reviewer determines the admission, or continued stay, is Medically Necessary.

RIGHT TO APPEAL

The Physician or Insured may, at any time, initiate a request for reevaluation or extension of a reviewer's decision, by calling the Pre-Certification Hotline.

FAILURE TO PRE-CERTIFY

If an Insured fails to have his/her admission or overnight Pre-Certified, then the first \$500 of Covered Expense incurred as a result of the admission or overnight stay will not be covered under the Policy, in addition to any medically unnecessary expense. However, this provision will not apply to an expectant mother's admission for pregnancy.

SECTION 8 - COORDINATION OF BENEFITS

COORDINATION OF THIS PLAN'S BENEFITS WITH OTHER BENEFITS

If an insured has medical or dental coverage under another Group Type Plan, We will coordinate Our benefits with those of that plan. One plan is primary. One plan is secondary. The primary plan pays its regular benefits. The secondary plan pays a reduced amount, which when added to the benefits paid by the primary plan, will normally equal 100% of the allowable expense. The benefits payable under the secondary plan cannot exceed the benefit that would be payable if there was no other Group Type Plan.

RULES FOR ORDER OF PAYMENT

The primary plan is:

1. the plan which does not coordinate its benefits with any other plan.
2. the plan which covers the person as an employee or student, rather than as a dependent. (However, if a person is also a Medicare beneficiary, Medicare is secondary to the plan covering the person as a dependent, and primary to the plan covering the person as other than a dependent, for example a retired employee.)
3. the plan of the parent whose birthday (excluding year of birth) occurs earlier in a Calendar Year, if both parents are living together. If both parents have the same birthday, the plan that has covered a parent the longest is primary. If the other plan does not have this provision in their policy, then the plan which insures the father as an employee will be primary, rather than the plan which insures the mother as an employee.
4. the plan of the parent with custody of the Child, if the parents are divorced or separated. The secondary plan will be the plan of the Spouse of the parent with custody. The final plan will be the plan of the parent without custody.
5. If the specific terms of a court decree state that one of the parents is responsible for the health care expenses of the Child, then the plan of the parent who has responsibility will be primary over the other parent or stepparent's plan. This provision does not apply until We have been informed of the terms of the court decree. Any benefits paid prior to Our knowledge of the terms of the court decree will be subject to the other sections of this provision.
6. If the specific terms of a court decree state that the parents shall share joint custody, without stating that one of the parents is responsible for the health care expenses of the Child, then the plan of the parent whose birthday occurs earlier in the Calendar Year is primary.

7. the plan which covers a person as an active employee, rather than the plan which covers the person as a laid-off or retired employee. The primary plan is the plan which covers the person as a dependent of an active employee, rather than the plan which covers the person as a dependent of a laid-off or retired employee.
8. the plan which insures the person as an employee, or the dependent of an employee, rather than the plan which insures the person under any continuation coverage. If the other plan does not have a rule regarding continuation coverage, and as a result, the plans do not agree on which plan is primary, then this rule will be ignored.
9. If none of the above rules apply, then the plan which has covered the Insured person the longest is the primary plan. The length of time a person has been covered under a plan is measured from the claimant's first date of continuous coverage with the Policyholder.

BENEFIT CREDIT AS SECONDARY PLAN

If the amount We pay as the secondary plan is less than the amount that We would have paid as the primary plan, a benefit credit will exist. We, as the secondary plan, can use this benefit credit to pay other allowable expenses incurred by the same Insured during the same Calendar Year as the benefit credit occurred.

RIGHT TO RECEIVE AND RELEASE INFORMATION

We have the right to seek and to release any necessary information to any other insurance company or organization, for the purpose of implementing this provision. We can do this without consent or notice to any concerned person. Any person claiming benefits under the Policy must provide Us with any necessary information to implement this provision.

REIMBURSING THE OTHER PLAN

If another plan has paid their benefit in error according to this provision, We can make payment directly to them to satisfy the intent of this provision. Any payment made by Us for this reason will fully discharge Us of any liability under this plan.

RIGHT TO RECOVERY

If We made a payment in error, We can recover Our payment from the other plan, the Insured, or anyone else to whom We have made payment, so as to satisfy the intent of this provision.

MEDICARE AS PRIMARY PAYER

When Medicare is primary payer, We will coordinate Our benefits with Medicare in accordance with the provisions in the Policy.

If an Insured is Eligible for Medicare as primary payer, but does not enroll or apply for it on time, We will estimate what Medicare would have paid if the Insured had made timely application.

SECTION 9 -RIGHT OF REIMBURSEMENT

If an Insured incurs expenses for Illness or Injury that occurred due to the negligence of a third party:

- We have the right to reimbursement for all benefits We paid from any and all damages collected from the third party for those same expenses whether by action of law, settlement, or compromise, by the Insured, the Insured's parents if the Insured is a minor, or the Insured's legal representative, as a result of that Illness or Injury; and
- We are assigned the right to recover from the third party, or his or her insurer, to the extent of the benefits We paid for that Illness or Injury.

We shall have the right to first reimbursement out of all funds the Insured, the Insured's parents if the Insured is a minor, or the Insured's legal representative, is or was able to obtain for the same expenses We have paid as a result of the Illness or Injury.

You are required to furnish any information or assistance or provide any documents that We may reasonable require in order to obtain Our rights under this provision. This provision applies whether or not the third party admits liability.

SECTION 10 - ILLINOIS STATE CONTINUATION AND CONVERSION, COBRA, AND FMLA

ILLINOIS STATE CONTINUATION

Eligibility:

The insurance of Insured employees (and dependents) ends when an Insured Employee terminates their employment. An Insured Employee/Spouse/Child whose insurance ends for this reason may elect to continue the Health Insurance Coverage that was in force for himself/herself, and any Insured dependents, if:

- He/she have been Insured under the Policy, or the Former Policy for at least 3 consecutive months before his/her insurance would end; and
- He/she is not covered by Medicare; and
- He/she is not covered under any Group Health Plan that becomes effective after his/her termination of employment date; and
- He/she has not been fired from his/her job because of a felony in connection with work, or stole from his/her employer.

Notification:

- The Insured must request this continuation of insurance in writing within 10 days after the later of: the date the insurance would end due to termination of employment, or, the date the Insured is given written notice of the right to continuation by the Policyholder (but in no event later than 60 days after insurance would otherwise end).

Payment

- The Insured must pay the entire premium to the Policyholder in advance every month.

Loss of Eligibility:

The insurance provided under this provision will end on the earliest of the following dates:

- The date the Insured becomes covered by Medicare
- The date the Insured becomes covered under Group Health Plan that has an effective date after his/her termination of employment date.
- The date twelve months from the date his/her insurance would have ended due to termination of employment.
- The date he/she fails to pay any premium due.
- The date the entire group Policy terminates.

Spousal Continuation

We provide a continuation of the existing insurance benefits for an Employee's Spouse and Dependent Children who are insured under the Policy, notwithstanding that the marriage is dissolved by judgment or terminated by the death of the Employee; or the retirement of the Employee provided that the Employee's Spouse is at least 55 years of age, without any other eligibility requirements.

Within 30 days of the entry of judgment or the death or retirement of the Employee, the Spouse of an Employee insured under the Policy who seeks a continuation of coverage must give the Employer or Us written notice of the dissolution of the marriage or the death or retirement of the Employee.

Within 30 days after the date of receipt of a notice from the Employer, retired Employee's Spouse or former Spouse, We, by certified mail, return receipt requested, will notify the retired Employee's Spouse or former Spouse at his or her residence that coverage under the Policy may be continued for that retired Employee's Spouse or former Spouse and covered Dependents.

Failure of the retired Employee's Spouse or former Spouse to exercise the election to continue insurance coverage by notifying Us in writing within such 30 day period terminates the right to continuation.

The continuation coverage for former Spouses who have not attained the age of 55 at the time coverage begins will terminate upon the earliest to happen of the following:

- (i) the failure to pay premiums when due, including any grace period allowed by the Policy; or

- (ii) when coverage would terminate under the terms of the Policy if the Employee and former Spouse were still married to each other; however, the existing coverage will not be modified or terminated during the first 120 consecutive days subsequent to the Employee Spouse's death or to the entry of the judgment dissolving the marriage existing between the Employee and the former Spouse unless the Policy is modified or terminated as to all Employees; or
- (iii) the date on which the former Spouse first becomes, after the date of election, an Insured Employee under any other Group Health Plan; or
- (iv) the date on which the former Spouse remarries; or
- (v) the expiration of 2 years from the date continuation coverage began.

Upon the termination of continuation coverage, the former Spouse is entitled to convert the coverage to an individual policy. The continuation rights granted to former Spouses who have not attained age 55 also includes Eligible Dependents insured prior to the dissolution of marriage or the death of the employee.

The continuation coverage for retired Employees' Spouses and former Spouses who have attained the age of 55 at the time coverage begins will terminate upon the earliest to happen of the following:

- (i) The failure to pay premiums when due, including any grace period allowed by the Policy; or
- (ii) When coverage would terminate, except due to the retirement of an Employee, under the terms of the Policy if the Employee and former Spouse were still married to each other; however, the Policy shall not be modified or terminated during the first 120 consecutive days subsequent to the Employee Spouse's death or retirement to the entry of the judgment dissolving the marriage existing between the Employee and the former Spouse unless the Policy modified or terminated as to all Employees; or
- (iii) the date on which the retired Employee's Spouse or former Spouse first becomes, after the date of election, an Insured Employee under any other Group Health Plan; or
- (iv) the date on which the former Spouse remarries; or
- (v) the date that person reaches the qualifying age or otherwise establishes eligibility under the Medicare Program pursuant to Title XVIII of the federal Social Security Act.

Upon the termination of continuation coverage, the former Spouse is entitled to convert the coverage to an individual policy.

The continuation rights granted to former Spouses who have attained age 55 also includes Eligible Dependents insured prior to the dissolution of marriage, the death of the Employee, or the retirement of the Employee.

Dependent Child Continuation

We provide for a continuation of the existing insurance benefits for an Employee's Dependent Child who is insured under the Policy in the event of the death of the Employee.

If continuation coverage is desired, the Dependent Child or a responsible adult acting on behalf of the Dependent Child must give the Employer or the Company written notice of the death of Employee within 30 days of the date the coverage terminates. The Employer, within 15 days of receipt of the notice, must give written notice to the Company.

Within 30 days after the date of receipt of a notice from the Employer, Dependent Child, or responsible adult acting on behalf of the Dependent Child, We, by certified mail, return receipt requested, will notify the Dependent Child or responsible adult at the Dependent Child's residence that coverage under the Policy may be continued for the Dependent Child.

Failure of the Dependent Child or the responsible adult acting on behalf of the Dependent Child to exercise the election to continue insurance coverage by notifying Us in writing within such 30 day period terminates the right to continuation.

Continuation coverage terminates upon the earliest of the following:

- (1) the failure to pay premiums when due, including any grace period allowed by the Policy;
- (2) when coverage would terminate under the terms of the Policy if the Dependent Child was still an Eligible Dependent of the Employee;

- (3) the date on which the Dependent Child first becomes, after the date of election, an Insured Employee under any other Group Health Plan; or
- (4) the expiration of 2 years from the date continuation coverage began.

Upon the termination of continuation coverage, the former Spouse is entitled to convert the coverage to an individual policy.

Rights Following COBRA or State Continuation

An Insured may be able to convert his/her insurance to an individual conversion policy, if his/her continuation is ending because his/her insurance has continued for the maximum period allowed by this provision. Conversion rights are outlined under the provision "Conversion".

Conversion

An Employee whose insurance under the Policy has been terminated for any reason other than discontinuance of the Group Health Plan in its entirety where there is a succeeding carrier, or failure of the Employee to pay any required contribution; and who has been continuously insured under the Policy (and under any Group Health Plan providing similar benefits which it replaces) for at least 3 months immediately prior to termination, shall be entitled to have issued to him a policy of Health Insurance Coverage (hereafter referred to as the converted policy), subject to the following conditions:

Written application for the converted policy must be made and the first premium paid to Us not later than the latter of (i) 31 days after such termination or (ii) 15 days after the Employee has been given written notice of the existence of the conversion privilege, but in no event later than 60 days after such termination.

Written notice presented to the Employee by the Employer or mailed by the Employer to the last known address of the Employee will constitute the giving of notice for the purpose of this provision.

The converted policy will be issued without evidence of insurability.

The insurance of Insured Employee and Dependents ends when an Insured Employee terminates his/her employment. An Insured whose insurance ends for this reason may elect to continue the Health Insurance Coverage that was in force for himself/herself, and any Insured Dependents, if:

- he/she has been insured under the Policy, or the Former Policy for three consecutive months before his/her insurance would end; and
- he/she is not covered by Medicare; and
- he/she is not Eligible to be covered, or covered, under any Group Health Plan that becomes effective after his/her termination of employment date.

The Policyholder must provide written notice of the continuation right no later than 10 days after termination.

The Insured must request continuation of this insurance in writing within 10 days after the later of:

- the date insurance would end due to termination of employment; or
- the date the Insured is given written notice of the right to continuation by the Policyholder;

but in no event later than 31 days after insurance would otherwise end.

An Insured Dependent may also continue coverage if they are losing Health Insurance Coverage due to dissolution or annulment of marriage or death of the Employee. The person Eligible for continuation, who shall be the Spouse or the custodial parent or legal guardian on behalf of a Dependent Child, must notify the Policyholder of the occurrence of the event within 30 days after the event occurs. Within ten days of receipt of that notice, the Policyholder must provide the person Eligible for continuation with notice of the continuation right. The person must request continuation in writing within 10 days after receipt of the notice of the continuation right.

All Health Insurance Coverage benefits provided under this provision are subject to the Policy's provisions, exclusions, and limitations.

The insurance provided under this provision will end on the earliest of the following dates:

- the date the Insured becomes Eligible for Medicare;

- the date the Insured becomes covered under Group Health Plan that has an effective date after his/her termination of employment date;
- the date he/she fails to pay any premium due; or
- if the continuing Insured is a former Spouse, the date the former Spouse remarries.

The premium for the conversion policy will be determined by the rate tables being used by Us when application is made.

FEDERAL CONTINUATION OF HEALTH COVERAGE AFTER TERMINATION - COBRA

If this continuation provision is included in the Policy, it will be indicated on the Schedule of Benefits.

Federal law requires that most Group Health Plans give employees and their families the opportunity to continue their health care coverage when there is a "qualifying event" that would result in a loss of coverage under an employer's plan. Depending on the type of qualifying event, "qualified beneficiaries" can include the employee (or retired employee) covered under the Group Health Plan, the covered employee's Spouse, and the dependent Children of the covered employee.

Continuation coverage is the same coverage that the plan gives to other Insureds or beneficiaries under the plan who are not receiving continuation coverage. Each qualified beneficiary who elects continuation coverage will have the same rights under the plan as other participants or beneficiaries covered under the plan, including open enrollment and special enrollment rights.

CONTINUATION RIGHTS

1. An Insured's Health Insurance Coverage can be continued for a maximum period of 18 months, if it is ending because:
 - the Insured Employee's employment terminated for reasons other than gross misconduct; or
 - the Insured Employee had his hours reduced; or
 - death of employee; or
 - divorce or legal separation; or
 - entitlement to Medicare; or
 - loss of dependent Child status.

If an Insured does not wish to continue coverage for himself/herself, his/her Insured Spouse and/or Insured Children may elect to continue the coverage on their own for a maximum of 18 months.

2. There may be other coverage options for You and Your family to buy coverage through the Health Insurance Marketplace. In the Marketplace, You could be eligible for a new kind of tax credit that lowers Your monthly premiums right away, and You can see what Your premium, deductibles, and out-of-pocket costs will be before You make a decision to enroll. Being eligible for COBRA does not limit Your eligibility for coverage for a tax credit through the Marketplace. Additionally, You may qualify for a special enrollment opportunity for another Group Health Plan for which You are eligible (such as a Spouse's plan), even if the plan generally does not accept late enrollees, if You request enrollment within 30 days.
3. An Insured's Health Insurance Coverage may be extended beyond the 18 month continuation period, to a maximum period of 29 months, for himself/herself and/or his/her Insured Dependents, if:
 - his/her insurance is ending because of one of the reasons listed above; and
 - he/she qualifies as disabled for Social Security purposes at the time his/her employment ends or at any time during the first 60 days of COBRA continuation; and
 - he/she notifies the Policyholder of a determination of total disability by the Social Security Administration within 60 days of the determination, but before the end of the first 18 months of continuation.

However, an Insured's extended continuation will end the premium due date that is at least 30 days after a final determination under the Social Security Act that he/she is no longer disabled. Premiums during the additional 11 months of coverage will be at a substantially higher rate than for the initial 18 month period.

4. An Insured Dependent's Health Insurance Coverage can be continued for a maximum period of 36 months, if his/her insurance is ending because:
 - the Insured Employee dies;
 - a divorce or legal separation has occurred;
 - the Insured Dependent Child no longer meets the Policy's definition of a Dependent Child;
 - the Insured Employee became covered by Medicare.
5. An Insured Dependent's health coverage can be continued for at least 36 months from the date the Insured Employee became covered by Medicare, if his/ her insurance ends for any of the above-listed reasons.
6. An Insured can continue his/her insurance for 36 months, if:
 - he/she has lost coverage or had his/her coverage substantially reduced within one year before or after the date his/her employer began proceedings in a Ch. 11 bankruptcy proceeding; and
 - he/she retired after the Ch. 11 bankruptcy proceeding; or
 - he/she is an Insured Dependent of a retiree who died after a Ch. 11 bankruptcy proceeding.
7. An Insured can continue his/her insurance for his/her lifetime, if:
 - he/she has lost coverage or had his/her insurance substantially reduced within one year before or after his/her employer began proceedings in a Ch. 11 bankruptcy case; and
 - he/she is a retiree who retired before the Ch. 11 bankruptcy proceeding; or
 - he/she is a widow or widower of a retiree who died before the bankruptcy proceeding.

NOTIFICATION RESPONSIBILITIES OF THE POLICYHOLDER

The Policyholder must notify an Insured of his/her right to continue within 14 days after the Policyholder becomes aware that one of the events listed above has occurred. The notification must be in writing.

RESPONSIBILITIES OF AN INSURED

1. An Insured must notify the Policyholder if any of the following events occur:
 - a divorce or legal separation;
 - an Insured Child no longer meets the Policy's definition of an Insured Dependent Child.

This notice must be given to the Policyholder within 60 days of the occurrence of one of these events.

2. An Insured must notify the Policyholder if he/she wants to continue coverage. He/she must give notice within 60 days after the date a COBRA qualifying event occurs, or within 60 days after the Policyholder provides him/her with notification of this right to continue, whichever is the longer period of time. The notice the Insured must provide must be in writing, by using the COBRA Continuation of Coverage Election form that the Policyholder provides him/her.
3. If an Insured decides to continue this coverage, the first premium payment is due 45 days following the date he/she returns the election form. Coverage is provided only when the full premium for the applicable period is received. The Insured must pay any premiums after that within 30 days of the date the premium is due. Premium payments must be made to the Policyholder. Coverage is not in force for any period for which premium is not paid.

INSURED'S WHO CANNOT CONTINUE

An Insured cannot continue this coverage if at the time of his/her termination, he/she is a nonresident alien with no earned income from sources within the United States, or the Dependent of such person.

TERMINATION

Continued coverage will end on the earliest of the following dates:

- the date the maximum continuation period has been exhausted;
- the date the employer ceases to maintain any Group Health Plan for any Employee;

- the date the Insured is covered by another Group Health Plan which does not include preexisting condition clause or which would have the preexisting condition limitation period reduced by qualifying COBRA continuation coverage;
- the date the Insured becomes covered by Medicare;
- the date any premium that is due is not paid within the time allowed.

An Insured's continuation will terminate anytime the Policy is terminated.

FAMILY AND MEDICAL LEAVE ACT (FMLA) CONTINUATION PROVISION

An Employee receiving a leave of absence qualifying under the FMLA will continue to receive Health Insurance Coverage as if he/she were not on leave.

All other benefits, such as any life insurance, accidental death and dismemberment, disability and dental insurance will terminate in accordance with the other policy continuation and termination provisions.

TERMINATION OF HEALTH INSURANCE COVERAGE

Health Insurance Coverage will end on the earliest of the following dates:

- the date that any portion of the health premium that is due is not paid;
- the premium due date following the date the Employee no longer qualifies under this or another policy continuation provision;
- the date the Policy terminates;
- the premium due date following the date the Employee gives notice of an intent not to return to work.

If coverage is terminated for any reason other than nonpayment of premium, or the termination of the entire Policy, then the Employee may be able to continue his/her Health Insurance Coverage for an additional period of time. Please see the section titled "Federal Continuation of Health Insurance Coverage After Termination" to determine if any additional continuation is available.

REINSTATEMENT OF BENEFITS

An Employee returning from a FMLA leave of absence can reinstate coverage under the Policy for Health Insurance Coverage by applying within 31 days from the date he/she returned from the leave of absence. The benefits will be reinstated on the date the Employee returned from the leave. No waiting periods or benefit limitations for preexisting conditions will apply.

Employees applying more than 31 days from the date of return from the leave will be considered late enrollees.

SECTION 11 - APPEALS

An "**Adverse Benefit Determination**" means

1. a determination by Us that based upon the information provided, a request for a benefit does not meet Our requirements for Medical Necessity, appropriateness, health care setting, level of care, or effectiveness or is determined to be Investigational and the requested benefit is therefore denied, reduced, or terminated or payment is not provided or made, in whole or in part, for the benefit; or
2. a rescission of coverage determination, which does not include a cancellation or discontinuance of coverage that is attributable to a failure to timely pay required premiums or contributions towards the cost of coverage.

A "**Final Internal Adverse Benefit Determination**" means an Adverse Benefit Determination that has been upheld by Us at the completion of Our internal review/appeal process.

CLAIM APPEAL PROCEDURES

If You have received an Adverse Benefit Determination, You may have Your claim reviewed on appeal. We will review its decision in accordance with the following procedures. Claim reviews are commonly referred to as "appeals."

Within 180 days after You receive notice of an Adverse Benefit Determination, You may call or write to Us to request a claim review. We will need to know the reasons why You do not agree with the Adverse Benefit Determination. You may call [1-800-371-9622] or send Your request to:

MAIL: Pekin Insurance
Health Claim Appeals
2505 Court Street
Pekin, Illinois 61558-0001

FAX: (309)346-8265

EMAIL: HealthClaimAppeal@pekininsurance.com

In support of Your claim review, You have the option of presenting evidence and testimony to Us, by phone or in person at a location of Our choice. You and Your authorized representative may ask to review Your file and any relevant documents and may submit written issues, comments and additional medical information within 180 days after You receive notice of an Adverse Benefit Determination or at any time during the claim review process.

We will provide You or Your authorized representative with any new or additional evidence or rationale and any other information and documents used in the denial or the review of Your claim without regard to whether such information was considered in the initial determination. No deference will be given to the initial Adverse Benefit Determination. Such new or additional evidence or rationale and information will be provided to You or Your authorized representative sufficiently in advance of the date a final decision on appeal is made in order to give You a chance to respond. The appeal will be conducted by individuals associated with Us and/or by external advisors, but who were not involved in making the initial denial of Your claim. Before You or Your authorized representative may bring any action to recover benefits, the claimant must exhaust the appeal process and must raise all issues with respect to a claim and must file an appeal or appeals and the appeals must be finally decided by Us.

Urgent Care/Expedited Clinical Appeals

If Your appeal relates to an Urgent Care/expedited clinical claim, or health care services, including, but not limited to, procedures or Treatments ordered by a health care provider, the denial of which could significantly increase the risk to the claimant's health, then You may be entitled to an appeal on an expedited basis. Before authorization of benefits for an ongoing course of Treatment is terminated or reduced, We will provide You with notice and an opportunity to appeal. For the ongoing course of Treatment, coverage will continue during the appeal process.

Upon receipt of an Urgent Care/expedited pre-service or concurrent clinical appeal, We will notify the party filing the appeal, as soon as possible, but no more than 24 hours after submission of the appeal, of all the information needed to review the appeal. Additional information must be submitted within 24 hours of request. We shall render a determination on the appeal within 24 hours after it receives the requested information.

Other Appeals

Upon receipt of a non-urgent pre-service or post-service appeal We shall rendered a determination of the appeal within 3 business days if additional information is needed to review the appeal. Additional information must be submitted within 5 days of the request. We shall render a determination of the appeal within 15 business days after it receives the requested information but in no event more than 30 days after the appeal has been received by Us.

If You Need Assistance

If You have any questions about the claims procedures or the review procedure, call Us at [1-800-371-9622] or contact Us by:

MAIL: Pekin Insurance

EMAIL: HealthClaimAppeal@pekininsurance.com

If You need assistance with the internal claims and appeals or the external review processes that are described below, You may contact the health insurance consumer assistance office or ombudsman. You may contact the Illinois ombudsman program at, [1-877-527-9431] or call the number on the back of Your ID card for contact information. In addition, for questions about Your appeal rights or for assistance, You can contact the Employee Benefits Security Administration at [1-866-444-EBSA (3272)].

Notice of Appeal Determination

We will notify the party filing the appeal, You, and, if a clinical appeal, any health care provider who recommended the services involved in the appeal, orally of its determination followed-up by a written notice of the determination.

The written notice will include:

1. The reasons for the determination;
2. A reference to the benefit plan provisions on which the determination is based, or the contractual, administrative or protocol for the determination;
3. Subject to privacy laws and other restrictions, if any, the identification of the claim, date of service, health care provider, claim amount (if applicable), and information about how to obtain diagnosis, Treatment and denial codes with their meanings;
4. An explanation of Our external review processes (and how to initiate an external review) and a statement of Your right, if any, to bring a civil action under Section 502(a) of ERISA following a final decision on external appeal;
5. In certain situations, a statement in non-English language(s) that future notices of claim denials and certain other benefit information may be available in such non-English language(s);
6. The right to request, free of charge, reasonable access to and copies of all documents, records and other information relevant to the claim for benefits;
7. Any internal rule, guideline, protocol or other similar criterion relied on in the determination, or a statement that a copy of such rule, guideline, protocol or other similar criterion will be provided free of charge on request;
8. An explanation of the scientific or clinical judgment relied on in the determination, or a statement that such explanation will be provided free of charge upon request; and
9. A description of the standard that was used in denying the claim and a discussion of the decision.

If Our decision is to continue to deny or partially deny Your claim or You do not receive timely decision, You may be able to request an external review of Your claim by an independent third party, who will review the denial and issue a final decision. Your external review rights are described in the INDEPENDENT EXTERNAL REVIEW section below.

If an appeal is not resolved to Your satisfaction, You may appeal Our decision to the Illinois Department of Insurance. The Illinois Department of Insurance will notify Us of the appeal. We will have 21 days to respond to the Illinois Department of Insurance.

The operations of Us are regulated by the Illinois Department of Insurance. Filing an appeal does not prevent You from filing a complaint with the Illinois Department of Insurance or keep the Illinois Department of Insurance from investigating a complaint.

The Illinois Department of Insurance can be contacted at:

You must exercise the right to internal appeal as a precondition to taking any action against Us, either at law or in equity. If You have an adverse appeal determination, You may file civil action in a state or federal court.

INDEPENDENT EXTERNAL REVIEW

You or Your authorized representative may make a request for a standard external or expedited external review of an Adverse Determination or Final Adverse Determination by an independent review organization (IRO).

An "**Adverse Determination**" means a determination by Us or its designated utilization review organization that an admission, availability of care, continued stay, or other health care service that is a Covered Expense has been reviewed and, based upon the information provided, does not meet Our requirements for medical necessity, appropriateness, health care setting, level of care, or effectiveness, and the requested service or payment for the service is therefore denied, reduced, or terminated.

A "**Final Adverse Determination**" means an Adverse Determination involving a Covered Expense that has been upheld by Us or its designated utilization review organization, at the completion of Our internal grievance process procedures.

1. Standard External Review

You or Your authorized representative must submit a written request for an external independent review within 4 months of receiving an Adverse Determination or Final Adverse Determination. You may submit additional information or documentation to support Your request for the health care services.

- a. Preliminary Review.** Within 5 business days of receipt of Your request, We will complete a preliminary review of Your request to determine whether:
- You were an Insured at the time health care service was requested or provided;
 - The service that is the subject of the Adverse Determination or the Final Adverse Determination is a Covered Expense under the Policy, but We have determined that the health care service does not meet Our requirements for Medical Necessity, appropriateness, health care setting, level of care, or effectiveness;
 - You have exhausted Our internal grievance process (in certain urgent cases, You may be eligible for expedited external review even if You have not filed an internal appeal with Us, and , You may also be eligible for external review if You filed an internal appeal but have not received a decision from Us within 15 days after We received all required information [in no case longer than 30 days after You first file the appeal] or within 48 hours if You have filed a request for an expedited internal appeal); and
 - You have provided all the information and forms required to process an external review.

For external reviews relating to a determination based on Treatment being Experimental/Investigational, We will complete a preliminary review to determine whether the requested service or Treatment that is the subject of the Adverse Determination or Final Adverse Determination is a Covered Expense, except for Our determination that the service or Treatment is Experimental/Investigational for a particular medical condition and is not explicitly listed as an excluded benefit. In addition, the Physician who ordered or provided the services in question has certified that one of the following situations is applicable:

- Standard health care services or Treatments have not been effective in improving Your condition;
- Standard health care services or Treatments are not medically appropriate for You;
- There is no available standard health care services or Treatment covered by Us that is more beneficial than the recommended or requested service or Treatment;
- The health care service or Treatment is likely to be more beneficial to You, in the opinion of Your health care provider, than any available standard health care services or Treatments; or
- That scientifically valid studies using accepted protocols demonstrate that the health care service or Treatment requested is likely to be more beneficial to You than any available standard health care services or Treatments.

- b. Notification.** Within 1 business day after completion of the preliminary review, We shall notify You and Your authorized representative, if applicable, in writing whether the request is complete and eligible for an external review. If the request is not complete or not eligible for an external review, You shall be notified by Us in writing of what materials are required to make the request complete or the reason for its ineligibility. Our determination that the external review request is ineligible for review may be appealed to the Illinois Director of the Department of Insurance ("Director") by filing a complaint with the Director. The Director may determine that a request is eligible for external review and require that it be referred for external review. In making such determination, the Director's decision shall be in accordance with the terms of Your Policy and shall be subject to all applicable laws.
- c. Assignment of IRO.** If Your request is eligible for external review, We shall, within 5 business days (a) assign an IRO from the list of approved IROs; and (b) notify You and Your authorized representative, if applicable, of the request's eligibility and acceptance for external review and the name of the IRO.

Upon assignment of an IRO, We or the designated utilization review organization shall, within 5 business days, provide to the assigned IRO the documents and any information considered in making the Adverse Determination or Final Adverse Determination. In addition, You or Your authorized representative may, within 5 business days following the date of receipt of the notice of assignment of an IRO, submit in writing to the assigned IRO additional information that the IRO shall consider when conducting the external review. The IRO is not required to, but may, accept and consider additional information submitted after 5 business days. If We or the designated utilization review organization does not provide the documents and information within 5 business days, the IRO may end the external review and make a decision to reverse the Adverse Determination or Final Adverse Determination. A failure by Us or designated utilization review organization to provide the documents and information to the IRO within 5 business days shall not delay the conduct of the external review. Within 1 business day after making the decision to end the external review, the IRO shall notify Us, You and, if applicable, Your authorized representative, of its decision to reverse the determination.

If You or Your authorized representative submitted additional information to the IRO, the IRO shall forward the additional information to Pekin within 1 business day of receipt from You or Your authorized representative. Upon receipt of such information, We may reconsider the Adverse Determination or Final Adverse Determination. Such reconsideration shall not delay the external review. We may end the external review and make a decision to reverse the Adverse Determination or Final Adverse Determination. Within 1 business day after making the decision to end the external review, We shall notify the IRO, You, and if applicable, Your authorized representative of its decision to reverse the determination.

- d. IRO's Decision.** In addition, to the documents and information provided by Us and You, or if applicable, Your authorized representative, the IRO shall also consider the following information if available and appropriate:
- Your medical records;
 - Your health care provider's recommendation;
 - Consulting reports from appropriate health care providers and associated records from health care providers;
 - The terms of coverage under the Policy;
 - The most appropriate practice guidelines, which shall include applicable evidence-based standards and may include any other practice guidelines developed by the federal government, national or professional medical societies, boards and associations;
 - Any applicable clinical review criteria developed and used by Us or its designated utilization review organization;
 - The opinion of the IRO's clinical reviewer or reviewers after consideration of the items described above, for a denial of coverage based on a determination that the health care service or Treatment recommended or requested is Experimental/Investigational, whether and to what extent (a) the recommended or requested health care service or Treatment has

been approved by the federal Food and Drug Administration, (b) medical or scientific evidence or evidence-based standards demonstrate that the expected benefits of the recommended or requested health care service or Treatment would be substantially increased over those of available standard health care services or Treatments, or (c) the terms of coverage under Your Policy to ensure that the health care services or Treatment would otherwise be covered under the terms of coverage of the Policy.

Within 5 days after the date of receipt of the necessary information, the IRO will render its decision to uphold or reverse the Adverse Determination or Final Adverse Determination. The IRO is not bound by any claim determinations reached prior to the submission of information to the IRO. You and Your authorized representative, if applicable, will receive written notice from Us.

The written notice will include:

1. A general description of the reason for the request for external review;
2. The date the IRO received the assignment from Us;
3. The time period during which the external review was conducted;
4. References to the evidence or documentation including the evidence-based standards, considered in reaching its decision;
5. The date of its decisions, and
6. The principal reason or reasons for its decision, including, what applicable, if any, evidence-based standards that were a basis for its decisions.

If the external review was a review of Experimental/Investigational Treatments, the notice shall include the following additional information:

1. A description of Your medical condition;
2. A description of the indicators relevant to whether there is sufficient evidence to demonstrate that the recommended or requested health care service or Treatment is more likely than not to be more beneficial to You than any available standard health care services or Treatments and the adverse risks of the recommended or requested health care service or Treatments would not be substantially increased over those of available standard health care services or Treatments;
3. A description and analysis of any medical or scientific evidence considered in reaching the opinion;
4. A description and analysis of any evidence-based standards;
5. Whether the recommended or requested health care service or Treatment has been approved by the federal Food and Drug Administration;
6. Whether medical or scientific evidence or evidence-based standards demonstrate that the expected benefits of the recommended or requested health care service or Treatment is more likely than not to be more beneficial to You than any available standard health care services or Treatments and the adverse risks of the recommended or requested health care service or Treatment would not be substantially increased over those of available standard health care services or Treatments;
7. The written opinion of the clinical reviewer, including the reviewer's recommendations or requested health care service or Treatment that should be covered and the rationale for the reviewer's recommendation.

Upon receipt of a notice of a decision reversing the Adverse Determination or Final Adverse Determination, We shall immediately approve the coverage that was the subject of the determination. Benefits will not be provided for services or supplies not covered under the Policy even if the IRO determines that the health care services being reviewed were medically appropriate.

2. Expedited External Review

If You have a medical condition where the timeframe for completion of (a) an expedited internal review of a grievance involving an Adverse Determination; (b) a Final Adverse Determination as set forth in the Illinois Managed Care Reform and Patient Rights Act; or, (c) a standard external review as set forth in the

Illinois Health Care External Review Act, would seriously jeopardize Your life or health or Your ability to regain maximum function, then You have the right to have the Adverse Determination or Final Adverse Determination reviewed by an IRO not associated with Us. In addition, if a Final Adverse Determination concerns an admission, availability of care, continued stay or health care service for which You received Emergency Services, but have not been discharged from a facility, then You may request an expedited external review.

You may also request an expedited external review if the Treatment or service in question has been denied on the basis that it is considered Experimental/Investigational and Your health care provider certifies in writing that the Treatment or service would be significantly less effective if not started promptly.

Your request for an expedited independent external review may be submitted orally or in writing.

Notification. We shall immediately notify You and Your authorized representative, if applicable, in writing whether the expedited request is complete and eligible for an expedited external review. Our determination that the external review request is ineligible for review may be appealed to the Director by filing a complaint with the Director. The Director may determine that a request is eligible for expedited external review and require that it be referred for an expedited external review. In making such determination, the Director's decision shall be in accordance with the terms of the Policy and shall be subject to all applicable laws.

Assignment of IRO. If Your request is eligible for expedited external review, We shall immediately assign an IRO from the list of approved IROs; and notify You and Your authorized representative, if applicable, of the request's eligibility and acceptance for external review and the name of the IRO.

Upon assignment of an IRO, We or the designated utilization review organization shall, within 24 hours provide to the assigned IRO the documents and any information considered in making the Adverse Determination or Final Adverse Determination. In addition, You or Your authorized representative may submit additional information in writing to the assigned IRO. If We or the designated utilization review organization does not provide the documents and information within 24 hours, the IRO may end the external review and make a decision to reverse the Adverse Determination or Final Adverse Determination. Within 1 business day after making the decision to end the external review, the IRO shall notify Pekin, You and, if applicable, Your authorized representative, of its decision to reverse the determination.

Within 2 business days after the date of receipt of all necessary information, the expedited independent external reviewer will render a decision whether or not to uphold or reverse the Adverse Determination or Final Adverse Determination and You will receive notification from Us. The assigned IRO is not bound by any decisions or conclusions reached during Our utilization review process or Our internal grievance process. Upon receipt of a notice of a decision reversing the Adverse Determination or Final Adverse Determination, We shall immediately approve the coverage that was the subject of the determination. Benefits will not be provided for services or supplies not covered under the Policy if the IRO determines that the health care services being appealed were medically appropriate.

Within 48 hours after the date of providing the notice, the assigned IRO shall provide written confirmation of the decision to You, Us and, if applicable, Your authorized representative, including all the information outlined under the standard process above.

An external review decision is binding on Us. An external review decision is binding on You, except to the extent You have other remedies available under applicable federal or state law. You and Your authorized representative may not file a subsequent request for external review involving the same Adverse Determination or Final Adverse Determination for which You have already received an external review decision.

The Designated Transplant Facility may or may not be located within the Insured's geographic area. A list of designated transplant facilities is available from Us.

DURABLE MEDICAL EQUIPMENT (DME)

Durable Medical Equipment is medical equipment:

- which You have received Pre-Approval from Us;
- which is ordered or prescribed by a Physician;
- durable enough to withstand repeated usage;
- primarily and customarily manufactured to serve a medical purpose;
- would not be useful to a person without an Injury or Illness; and
- is appropriate for treating an Illness or Injury in the home.

DME includes, but is not limited to, wheelchairs, walkers, Hospital beds, oxygen and oxygen equipment, monitors, nebulizers, blood glucose monitors, blood glucose monitors for the legally blind, cartridges for the legally blind, lancets, and lancing devices.

The following items are not considered DME, and are not covered under the Policy:

- air purifiers or cleaners, air conditioners, humidifiers, dehumidifiers, vaporizers, or heaters;
- any equipment which provides comfort or convenience;
- structure or vehicle alterations, ramps, or elevators;
- whirlpools, exercise machines of any type, swimming pools, hot tubs;
- computers or communication devices;
- heating pads, heat lamps, duplicate equipment; or
- similar types of items or equipment.

EARLY ACQUIRED DISORDER

A disorder resulting from Illness, trauma, Injury, or some other event or condition suffered by a Child prior to that Child developing functional life skills such as, but not limited to, walking, talking or self-elp skills. Early Acquired Disorder may include, but is not limited to, autism or an Autism Spectrum Disorder and cerebral palsy.

EFFECTIVE DATE

The date the Policy is put in force or the date the Insured is added to the Policy.

ELIGIBLE

Meets the qualifications to apply for insurance.

EMERGENCY MEDICAL CONDITION

A medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) so that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in:

- placing the health of the individual (or, with respect to a pregnant woman, the health of the woman or her unborn Child) in serious jeopardy;
- serious impairment to bodily functions;
- serious dysfunction of any bodily organ or part; or
- serious disfigurement of the individual.

EMERGENCY SERVICES

With respect to an Emergency Medical Condition, a medical screening examination that is within the capability of the emergency department of a Hospital, including ancillary services routinely available to the emergency department, to evaluate such Emergency Medical Condition, and such further medical examination and Treatment, to the extent they are within the capabilities of the staff and facilities available at the Hospital, to Stabilize the patient.

EMPLOYEE

A person employed by the Policyholder on a permanent full-time basis, at least 30 hours per week. The person must meet the requirements described in the Policyholder's Policy Schedule of Benefits. It does not mean temporary, part-time, or seasonal Employees.

ENROLLMENT DATE

The earlier of the date of enrollment of the individual in the Policy, or the first day of the Service Waiting Period for enrollment.

EQUIVALENT GENERIC DRUG

A drug that has been classified by the Food and Drug Administration (FDA) as safe, equivalent to, and as effective as the brand name drug that would otherwise be prescribed.

EXPERIMENTAL/INVESTIGATIONAL

Means any drug, biologic, device, diagnostic service, product, equipment, procedure, Treatment, service or supply used in or directly related to the diagnosis, evaluation, or Treatment of an Injury or Illness if one or more of the following criteria apply. The drug, biologic, device, diagnostic service, product, equipment, procedure, Treatment, service or supply:

- Cannot be legally marketed in the United States without the final approval of the Food and Drug Administration (FDA), or other licensing or regulatory agency, and such final approval has not been granted;
- Has been determined by the FDA to be contraindicated for the specific use; or
- Is provided as part of a clinical research protocol or clinical trial or is provided in any other manner that is intended to evaluate the safety, toxicity, or efficacy of the drug, biologic, device, diagnostic, product, equipment, procedure, Treatment, service or supply (Except as outlined in SECTION 5 - EXPENSES COVERED BY THE PLAN, 12. Clinical Trials); or
- Is subject to review and approval of an Institutional Review Board or other body serving a similar function; or
- Is provided pursuant to informed consent documents that describe the drug, biologic, device, diagnostic, product, equipment, procedure, Treatment, service, or supply as Experimental/Investigational or otherwise indicate that the safety, toxicity, or efficacy of the drug, biologic, device, diagnostic, product, equipment, procedure, Treatment, service, or supply is under evaluation.

It also means any service, supply, or Treatment that is not commonly and customarily recognized by the Physician's profession and within the United States as appropriate Treatment of the patient's diagnosed Illness or Injury and determined to be of proven effectiveness by the appropriate National Scientific Organization related to the diagnosed Illness or Injury.

It also means any procedures, drugs, or devices with unproven efficacy. Unproven efficacy means that the procedures, drugs, or devices have not been used with sufficient frequency or have not achieved the requisite success rates to establish their safety and efficacy in the medical community. A procedure, drug, or device may be considered Experimental/Investigational for certain diagnoses and conditions, and considered established therapies for other diagnoses and conditions.

A medical Treatment, procedure, drug or device that is approved through clinical trials will be considered experimental or investigational if reliable evidence shows it is the subject of ongoing phase I, II, or III clinical trials or under study to determine its safety, efficacy, or its efficacy as compared with the standard means of Treatment or diagnosis, and reliable evidence shows that the consensus of opinion among

experts is that further studies or clinical trials are necessary to determine its safety, efficacy or efficacy as compared with the standard means of Treatment or diagnosis, and/or approval has not been given by the United States Food and Drug Administration at the time it is furnished.(Except as outlined in SECTION 5- EXPENSES COVERED BY THE PLAN, 12. Clinical Trials)

The fact that a procedure, drug, or device is the only available Treatment for a condition will not make it eligible for coverage if it is Experimental/Investigational according to this definition.

FAMILY COVERAGE

IN-NETWORK

Covered Expense provided by a Preferred Provider.

IN-NETWORK DEDUCTIBLE

The amount of Covered Expense for services provided by a Preferred Provider that must be incurred in a Calendar Year by an Insured before any Covered Expense is paid by Us. It is equal to the lesser of:

- amount specified under the In-Network Individual Coverage Deductible amount shown on the Schedule of Benefits
- amount specified under the In-Network Family Coverage Deductible amount shown on the Schedule of Benefits

Out-of-Network Deductible amounts will not be used to satisfy any In-Network Deductible amount.

IN-NETWORK FAMILY DEDUCTIBLE

The maximum amount of deductible a family insured under one Certificate of Insurance must pay in a Calendar Year for services provided by Preferred Providers. This amount is shown on the Schedule of Benefits. The In-Network Family Coverage Deductible may be satisfied by combining all In-Network Deductible amounts applied to Covered Expenses for the Insured Employee and the Insured Employee's Dependents for the Calendar Year. However, only Covered Expense incurred in a Calendar Year and applied to that same Calendar Year's In-Network Individual Deductible can be used to satisfy the In-Network Family Deductible.

Out-of-Network Deductible amounts will not be used to satisfy any In-Network Deductible amounts.

IN-NETWORK INDIVIDUAL DEDUCTIBLE

The maximum amount of deductible that an individual Insured must pay in a Calendar Year for services by a Preferred Provider. This amount is shown on the Schedule of Benefits.

Out-of-Network Deductible amounts will not be used to satisfy any In-Network Deductible amounts.

INPATIENT

A confinement in a Hospital, Skilled Nursing Facility or Residential Treatment Center that results in the facility making a room and board charge. An overnight stay in an observation unit of a Hospital or licensed ambulatory surgical facility will be considered an Inpatient stay for Pre-Certification purposes.

INSURED

Any Insured Employee or Insured Dependent who is covered for benefits under the Policy.

INTENSIVE CARE

NON-PREFERRED PROVIDER

Any medical provider who has not entered into a written agreement with Us or a Preferred Provider Organization under contract with Us to provide services to Our Insureds at a negotiated rate. However, if the nearest Preferred Provider is more than 50 miles from the Insured's residence, then a Non-Preferred Provider within 50 miles of the Insured's residence will be paid as if the service was provided by a Preferred Provider.

OCCUPATIONAL THERAPY

Constructive therapeutic activity designed and adapted to promote the restoration of useful physical function. Occupational Therapy does not include educational training or services designed and adapted to develop a physical function.

OUT-OF-NETWORK

Covered Expense provided by a Non-Preferred Provider.

OUT-OF-NETWORK DEDUCTIBLE

The amount of Covered Expense for services provided by a Non-Preferred Provider that must be incurred in a Calendar Year by an Insured before any Covered Expense is paid by Us. It is equal to the lesser of:

- amount specified under the Out-of-Network Individual Coverage Deductible amount shown on the Schedule of Benefits.
- amount specified under the Out-of-Network Family Coverage Deductible amount shown on the Schedule of Benefits

Out-of-Network Deductible amounts will not be used to satisfy any In-Network Deductible amount.

OUT-OF-NETWORK FAMILY DEDUCTIBLE

The maximum amount of deductible a family Insured under one Certificate of Insurance must pay in a Calendar Year for services provided by Non-Preferred Providers. This amount is shown on the Schedule of Benefits. The Out-of-Network Family Coverage Deductible may be satisfied by combining all Out-of-Network Deductible amounts applied to Covered Expenses for the Insured Employee and the Insured Employee's Dependents for the Calendar Year. However, only Covered Expense incurred in a Calendar Year and applied to that same Calendar Year's Out-of-Network Individual Deductible can be used to satisfy the Out-of-Network Family Deductible.

In-Network Deductible amounts will not be used to satisfy any Out-of-Network Deductible amounts.

OUT-OF-NETWORK INDIVIDUAL DEDUCTIBLE

The maximum amount of deductible that an individual Insured must pay in a Calendar Year for services by a NonPreferred Provider. This amount is shown on the Schedule of Benefits.

In-Network Deductible amounts will not be used to satisfy any Out-of-Network Deductible amounts.

OUT-OF-POCKET MAXIMUM

The maximum amount of Covered Expenses You will pay in a Calendar Year. The Out-of-Pocket Maximum includes applicable Copays, Access Fees, Deductibles and Coinsurance shares. The Out-of-Pocket Maximum is shown in the Schedule of Benefits. Except that any type of Copay under the Prescription Drugs benefit does not count towards this maximum unless mandated by state or federal law. After the Out-of-Pocket Maximum is reached, We will pay the remainder of the Covered Expenses incurred by an Insured during the rest of that Calendar Year at 100%.

PEDIATRIC DENTAL CARE BENEFIT AMENDMENT

This amendment is attached to and made part of the policy and certificate to which it is attached. Except as modified below, all terms, conditions, exclusions, and limitations of the policy apply.

Notwithstanding any other provisions of the policy, covered expenses under this amendment are not covered under any other provision of the policy. Any amount in excess of the maximum amount provided under this amendment, if any, is not covered under any other provision in the policy.

All terms used in this amendment have the same meaning given to them in the policy, unless otherwise specifically defined in this amendment. Refer to the "Pediatric Dental Care Limitations and Exclusions" provision in this amendment and the "Expense Not Covered by the Plan" section of the certificate for pediatric dental care expenses not covered by the policy. All other terms and provisions of the policy are applicable to covered expenses for pediatric dental care.

Schedule of Benefits

Covered expenses for pediatric dental care apply toward the medical deductible and medical out-of-pocket maximum amount.

Covered Expense	Plan Pays
Class I services	100% after medical deductible
Class II services	70% after medical deductible
Class III services	50% after medical deductible
Orthodontia	50% after medical deductible

Waiting Period

The only waiting period is for orthodontic services. To meet this requirement, the dependent child receiving orthodontia services must be covered under the policy for an entire and continuous 24 month waiting period to receive orthodontic coverage.

Integral service

Integral services are additional charges related to materials or equipment used in the delivery of dental care. The following services are considered integral to the dental service and will not be paid separately:

1. Local anesthetics;
2. Bases;
3. Pulp testing;
4. Pulp caps;
5. Study models/diagnostic casts;
6. Treatment plans;
7. Occlusal (biting or grinding surfaces of molar and bicuspid teeth) adjustments;
8. Nitrous oxide;
9. Irrigation; and
10. Tissue preparation associated with impression or placement of a restoration.

Pretreatment plan

We suggest that if dental treatment is expected to exceed \$300, a covered person or their dentist should submit a treatment plan to us for review before treatment begins.

We will provide the employee and/or the covered person and the dentist with an estimate for benefits payable based on the submitted treatment plan. This estimate is not a guarantee of what we will pay. It

tells the employee and/or the covered person and the dentist in advance about the benefits payable for the pediatric dental services in the treatment plan. An estimate for services is not necessary for a dental emergency.

Alternate services

If two or more services are acceptable to correct a dental condition, we will base the benefits payable on the least expensive pediatric dental service that produces a professionally satisfactory result, as determined by us. We will pay up to the maximum benefit for the least costly pediatric dental service subject to any applicable medical deductible and/or coinsurance. The covered person will be responsible for any amount exceeding the maximum benefit for the services performed.

If the employee and/or the covered person and the dentist decide on a more costly service, payment will be limited to the reimbursement limit for the least costly service and will be subject to any medical deductible and/or coinsurance. The covered person will be responsible for any amount exceeding the maximum benefit for the services performed.

Continuation of Coverage

We will pay benefits for a 31 day period after the covered person's insurance ends if before coverage ends the dentist:

1. prepared the abutment teeth for the completion of installation of prosthetic devices;
2. made an impression;
3. prepared the tooth for cast restoration; or
4. the covered person's dentist opened the pulp chamber before the covered person's insurance ended and the device was installed or treatment was finished within 31 days after the termination of coverage.

Pediatric Dental Care Limitations and Exclusions

Refer to the "Expense Not Covered by the Plan" section of the certificate for additional exclusions. Unless specifically stated otherwise, no benefit will be provided for, or on account of, the following items:

1. Services and treatment not prescribed by or under the direct supervision of a dentist;
2. Services and treatment which are experimental or investigational;
3. Services and treatment received from a dental or medical department maintained by or on behalf of an employer, mutual benefit association, labor union, trust, VA hospital or similar person or group;
4. Services and treatment performed prior to your effective date of coverage;
5. Services and treatment incurred after the termination date of your coverage unless otherwise indicated;
6. Services and treatment which are not dentally necessary or which do not meet generally accepted standards of dental practice.
7. Services and treatment resulting from failure to comply with professionally prescribed treatment;
8. Any services that are considered strictly cosmetic in nature including, but not limited to, charges for personalization or characterization of prosthetic appliances;
9. Services related to the diagnosis and treatment of Temporomandibular Joint Dysfunction (TMD);
10. Office infection control charges;
11. Charges for copies of records, charts or x-rays, or any costs associated with forwarding/mailing copies of records, charts or x-rays;
12. State or territorial taxes on dental services performed;

13. Those submitted by a dentist, which are for the same services performed on the same date for the same insured by another dentist;
14. Those which are for specialized procedures and techniques;
15. Those performed by a dentist who is compensated by a facility for similar covered services performed for insureds;
16. Duplicate, provisional and temporary devices, appliances, and services;
17. Plaque control programs, oral hygiene instruction, and dietary instructions;
18. Services to alter vertical dimension and/or restore or maintain the occlusion. Such procedures include, but are not limited to, equilibration, periodontal splinting, full mouth rehabilitation, and restoration for misalignment of teeth;
19. gold foil restorations;
20. Hospital costs or any additional fees that the dentist or hospital charges for treatment at the hospital (inpatient or outpatient);
21. Adjustment of a denture or bridgework which is made within 6 months after installation by the same dentist who installed it;
22. Use of material or home health aids to prevent decay, such as toothpaste, fluoride gels, dental floss and teeth whiteners;
23. Sealants for teeth other than permanent molars;
24. Precision attachments, personalization, precious metal bases and other specialized techniques;
25. Replacement of dentures that have been lost, stolen or misplaced;
26. Orthodontic services provided to an insured who has not met the 24 month waiting period requirement.
27. Repair of damaged orthodontic appliances;
28. Replacement of lost or missing appliances;
29. Fabrication of athletic mouth guard;
30. Internal bleaching;
31. Nitrous oxide;
32. Oral sedation;
33. Topical medicament center
34. Bone grafts when done in connection with extractions, apicoetomies or non-covered/non eligible implants.
35. When two or more services are submitted and the services are considered part of the same service to one another, we will pay the most comprehensive service (the service that includes the other non benefited service).
36. When two or more services are submitted on the same day and the services are considered mutually exclusive (when one service contradicts the need for the other service), we will pay for the service that represents the final treatment.
37. All services are subject to the usual and customary charge as defined in this amendment. The member is responsible for all remaining charges that exceed the allowable maximum.

Definitions

Alternate Benefit means if we determine a service less costly than the one performed by the covered person's dentist could have been performed, we will pay benefits based upon the less costly service.

Annual Benefit Maximum means the maximum annual benefit that you can receive per person.

Class I Services means the basic services, which include oral examinations, prophylaxis, diagnostic evaluations, sealants and x-rays.

Class II Services means intermediate services, which include restorative procedures such as fillings, prefabricated stainless steel crowns, periodontal scaling, tooth extractions, and denture adjustments.

Class III Services means major services, which include endodontic services such as root canals, periodontal services such as gingivectomy, major restorative services such as crowns, oral surgery, bridges and prosthodontic services such as complete dentures.

Class IV Services means orthodontic services.

Covered person under this amendment means a person under the age of 19 who is eligible and enrolled for benefits provided under this policy/certificate.

Dentally Necessary means that a dental service or treatment is performed in accordance with generally accepted dental standards, as determined from multiple sources including but not limited to relevant clinical dental research from various research organizations including dental schools, current recognized dental school standard of care curriculums and organized dental groups including the American Dental Association, which is necessary to treat decay, disease or injury of teeth, or essential for the care of teeth and supporting tissues of the teeth.

Expense incurred date means the date on which:

1. The teeth are prepared for fixed bridges, crowns, inlays or onlays;
2. The final impression is made for dentures or partials;
3. The pulp chamber of a tooth is opened for root canal therapy;
4. A periodontal surgical procedure is performed; or
5. The service is performed for services not listed above.

Pediatric dental services mean the following services:

1. Ordered by a dentist;
2. Described in the "Pediatric Dental Care Covered Expenses" provision in this amendment; and
3. Incurred when a covered person is insured for that benefit under the policy on the expense incurred date.

Treatment plan means a written report on a form and completed by the dentist that includes:

1. A list of the services to be performed, using the American Dental Association terminology and codes;
2. The dentist's written description of the proposed treatment for the covered person;
3. Pretreatment x-rays supporting the services to be performed;
4. Itemized cost of the proposed treatment; and
5. Any other appropriate diagnostic materials (may include x-rays, chart notes, treatment records, etc.) as requested by us.

Usual and Customary Charge means the lowest of:

- the dentist's actual charge for the services or supplies (or, if the provider of the service or supplies is not a dentist, such other provider's actual charge for the services or supplies); or
- the usual charge by the dentist or other provider of the services or supplies for the same or similar services or supplies; or
- the usual allowance for an area is the usual charge made by most dentists in the same geographic area for the same or similar service or supply. Pekin's claim payment system uses data compiled from industry claim processing to establish procedure code specific customary allowance within a geographic area. We use the 80th percentile charge to establish a customary allowance. Using the 80th percentile recognizes that even within a geographically contiguous area, charges for a procedure may vary based on location, provider qualifications, or the nature of the specific case. At the same time, payment for charges far in excess of the prevailing fee will be reduced to the 80th percentile amount for benefit payment purposes. The 80th percentile is felt to be a fair level since full payment is allowed not only for average charges, but also for fees somewhat above the average rate.

Waiting Period means the amount of time that a covered person must be enrolled in this Plan before the covered person can receive orthodontic services. Benefits are prorated if the treatment began prior to satisfying the waiting period.

Pediatric Vision Care Covered Expenses

We will pay benefits as specified in the schedule of benefits in this amendment for covered expenses incurred by a covered person as defined in this amendment for pediatric vision care. Covered expenses for pediatric vision care include: One routine eye examination every calendar year, one pair of standard eyeglass lenses or contact lenses every calendar year and one frame every calendar year. Contact lenses are available in lieu of eyeglasses.

Copayment - There are no copayments for covered eye examinations, standard eyeglass lenses, plan frames, or contact lenses in lieu of eyeglasses. There may be copayments for optional lens types and treatments as specified in the schedule of benefits.

Pre-authorization is required for:

- Medically necessary contact lenses in the treatment of certain eye health conditions and is obtained by the participating provider.
- The treatment of low vision and is obtained by the participating provider.
- Discounts for laser vision correction and is obtained by the insured.

Additional Benefits

Medically Necessary Contact Lenses: Contact lenses may be determined to be medically necessary and appropriate in the treatment of patients affected by certain conditions. In general, contact lenses may be medically necessary and appropriate when the use of contact lenses, in lieu of eyeglasses, will result in significantly better visual and/or improved binocular function, including avoidance of diplopia or suppression. Contact lenses may be determined to be medically necessary in the treatment of the following conditions:

Keratoconus, Pathological Myopia, Aphakia, Anisometropia, Aniseikonia, Aniridia, Corneal Disorders, Post-traumatic Disorders, Irregular Astigmatism.

Medically necessary contact lenses are dispensed in lieu of other eyewear.

Low Vision: Low vision is a significant loss of vision but not total blindness. Ophthalmologists and optometrists specializing in low vision care can evaluate and prescribe optical devices, and provide training and instruction to maximize the remaining usable vision for insureds with low vision. After pre-authorization, covered low vision services will include one comprehensive low vision evaluation every 5 years, with a maximum benefit of \$300; maximum low vision aid allowance of \$600 with a lifetime maximum of \$1,200 for items such as high-power spectacles, magnifiers and telescopes; and follow-up care – four visits in any five-year period, with a maximum charge of \$100 each visit.

Pediatric Vision Care Limitations and Exclusions

We do not cover the following:

1. Any vision service, treatment or materials not specifically listed in the schedule of benefits in this amendment;
2. Services and materials that are experimental or investigational;
3. Services and materials not meeting accepted standards of optometric practice;
4. Services and materials resulting from failure to comply with professionally prescribed treatment;
5. Any services that are strictly cosmetic in nature including, but not limited to, charges for personalization or characterization of prosthetic appliances;
6. Office infection control charges;
7. State or territorial taxes on vision services performed;
8. Medical treatment of eye disease or injury;
9. Visual therapy;
10. Special lens designs or coatings other than those described in this amendment;
11. Replacement of lost/stolen eyewear;
12. Non-prescription (Plano) lenses;
13. Two pairs of eyeglasses in lieu of bifocals;
14. Services not performed by licensed personnel;
15. Prosthetic devices and services;
16. Insurance of contact lenses.

Definitions

The following terms are specific to pediatric vision care benefits:

Covered person under this amendment means a person under the age of 19 who is eligible and enrolled for benefits provided under the policy.

Low vision means severe vision problems as diagnosed by an Ophthalmologist or Optometrist that cannot be corrected with regular prescription lenses or contact lenses and reduces a person's ability to function at certain or all tasks.

Materials mean frames, and lenses and lens options, and/or contact lenses.

Pediatric vision care means the services and materials specified in the "Pediatric Vision Care Covered Expense" provision in this amendment for a covered person under the age of 19.

Severe vision problems mean the best-corrected acuity is:

1. 20/200 or less in the better eye with best conventional spectacle or contact lens prescription;

2. A demonstrated constriction of the peripheral fields in the better eye to 10 degrees or less from the fixation point; or
3. The widest diameter subtends an angle less than 20 degrees in the better eye.
