A person who previously declined coverage in writing because they were covered under another group health plan or health insurance coverage may have a 30 day special enrollment period if they lose that coverage.

The 30 day special enrollment period will begin for that person on:

An insured employee must be at work on the date a benefit change occurs. If the employee is not at work and it is for a reason that is not health status related, the benefit change will not occur until he/she returns to work.   - d. if you have performed an act that constitutes fraud or made an intentional misrepresentation of material fact in writing in order to obtain coverage for a service.

Your coverage will terminate immediately upon written notice of termination delivered by Us to You. However, if an Employee commits fraud or makes an intentional misrepresentation of material fact in writing on his/her enrollment form, We will rescind coverage if the facts misrepresented would have led Us to refuse to issue the coverage. Rescission means that the termination of the Employee's and Dependent's insurance has a retroactive effect to the Effective Date under the policy.

2. The insurance of an insured dependent will end on the earliest of the following dates:
  - a. the date the insured employee's insurance terminates. If the insured employee's insurance terminates because he/she dies, dependent health coverage will remain in effect until the premium due date following 90 days after the insured employee's death;

An insured dependent child who is losing coverage because he/she is turning 19 years of age, and who because of a handicapped condition is incapable of self-support, may be continued under this insurance while remaining incapacitated, unmarried, and dependent on his or her parents or other care providers for lifetime care and supervision. We may request proof of incapacity from time to time, but not before 2 months prior to the date his/her insurance would otherwise end. If proof of incapacity is not received within 31 days after it is requested, the child will not be considered an insured dependent. If we do not request proof of incapacity, coverage for this child shall extend through the term of the policy, or any extension or renewal of the policy.
  - c. the date that any portion of the premium that is due is not paid. We must receive written notice of claims.

### **3. Uniform Termination of Coverage**

Unless otherwise specified by You, any assignment will take effect on the date the notice of assignment is signed by You, subject to any payments made or actions taken by us prior to receipt of the written notice of assignment.

### **PAYMENT OF CLAIMS**

After we receive proof of loss, we will pay benefits as they become due. All claims payable under the terms of the policy shall be paid within 30 days following receipt by Us of due Proof Of Loss. If an insured, over the age 19, is a late enrollee, any expense incurred for treatment of a preexisting condition during the insured's first 18 months of coverage under this policy will not be considered a covered expense. We begin counting the 18 month period from the enrollment date. The 18 month period will be reduced by the number of days of creditable coverage the insured has as of the enrollment date.

Preexisting condition means any illness or injury, whether physical or mental, for which medical advice, care, or treatment was recommended for or received by the insured within the six month period before his/her enrollment date. However, a pregnancy will not be considered a preexisting condition.

For the purposes of this section, treatment means:

1. any examination, diagnostic test, or actual treatment by a physician, which demonstrates the presence of an illness or injury, or symptoms of an illness or injury;
2. any medication or other service or supply dispensed in regard to an illness or injury or symptoms of an illness or injury;
3. any checkup or examination to determine if a previously existing illness or injury is recurring.

If an insured was covered under the former policy when this policy replaced it, and he/she became insured on this policy's effective date, his/her benefits for a preexisting condition will be the lesser of:

1. the benefits of this policy without the application of the preexisting condition limitation; or
2. the benefits of the former policy.

## EXPENSE NOT COVERED BY THE PLAN

This insurance does not cover loss caused by:

1. These exclusions apply to all health benefits of this policy.

  - service in the armed forces;
  - suicide, attempted suicide, or intentionally self-inflicted injury, whether sane or insane;
  - complications arising from excluded treatment, except for complications of
  - pregnancy;
  - commission of a felony or illegal occupation. This does not include emergency or other medical, hospital or surgical expenses, which would otherwise be a Covered Expense, if Treatment is incurred as a result of an injury sustained while an Insured is either intoxicated or under the influence of a narcotic, regardless of the condition under which the substance was administered. Intoxication will be defined by the state where the accident occurred.
2. This insurance does not pay any benefit for expense for:

If the worker's compensation type coverage has denied a claim, but the insured is still pursuing coverage with the worker's compensation type coverage through a state or federal commission or agency, or other legal entity, benefits will not be payable under this policy until the insured certifies he/she no longer intends to pursue coverage through the worker's compensation type coverage;
  - eye examinations for the correction of vision or fitting of glasses or contact lenses;
  - hearing aids, eyeglasses, frames, contact lenses, dentures;

- more than one ultrasound examination for a normal pregnancy;

- treatment received in the emergency room of a hospital, except when emergency services are being rendered;
- the replacement of a piece of durable medical equipment or a prosthesis;

Services must also be clinically proven to be effective for such use and such treatment must be likely to result in a significant improvement of the insured's condition.

### **PRE-CERTIFICATION PROGRAM**

To qualify for full benefits under the policy, you must call the Pre-certification Hotline if:

1. you are going to be admitted as an inpatient to a hospital or skilled nursing facility; or
2. you are going to have surgery performed outside of your primary care physician's office.

You can make the phone call, or you can have a relative or your physician make the phone call. However, you are responsible for making sure that someone calls the Pre-certification Hotline.

#### **NON-EMERGENCY HOSPITALIZATIONS OR SURGERIES**

The Pre-certification Hotline must be called at least 72 hours before an insured is scheduled for non-emergency surgery outside of the primary care physician's office or admitted to a hospital or skilled nursing facility for an inpatient stay.

#### **MEDICAL EMERGENCY**

The Pre-certification Hotline must be called within 2 business days (or as soon as reasonably possible if the insured's condition prevents them from calling within that time frame) following emergency surgery or emergency admission to a hospital or skilled nursing facility.

#### **PREGNANCY**

The Pre-certification Hotline must be called 2 months before the expected date of delivery.

The Hotline must be called again the day of delivery.

#### **INFORMATION NEEDED**

When a person calls the Hotline, he/she should have the following information available:

1. the insured patient's name, date of birth, sex, and the social security number of the insured;

2. the policy number;
3. the proposed (or actual) date and reason for admission or surgery;
4. the name and phone number of the hospital (or skilled nursing facility) and admitting physician;
5. any information regarding any other insurance plans.

#### **PRE-CERTIFICATION PROCESS**

When a call is made to the Pre-certification Hotline, the caller will be given a pre-certification number along with the reviewer's recommendations. The reviewer will assign a length of stay to the admission.

If your stay exceeds the recommended length of stay, the hospital (skilled nursing facility) or your physician should contact the reviewer, who will again review your case.

#### **MEDICAL NECESSITY**

No benefits will be payable for any confinement or surgery that is not approved by the reviewer as being medically necessary. The fact that a physician or another health care provider has prescribed or ordered an admission, surgery, or continued stay, does not necessarily mean the stay is medically necessary. Benefits are only payable if the pre-certification reviewer determines the admission, or continued stay, is medically necessary.

#### **RIGHT TO APPEAL**

The physician or insured may, at any time, initiate a request for reevaluation or extension of a reviewer's decision, by calling the Precertification Hotline.

#### **FAILURE TO PRECERTIFY**

If an insured fails to have his/her admission or surgery pre-certified, then the first \$500 of covered expense incurred as a result of the admission or surgery will not be covered under this policy, in addition to any medically unnecessary expense.

#### **DISCONTINUANCE & REPLACEMENT PROVISIONS**

The provisions listed on this page only apply to persons insured under the former policy on the day before this policy became effective, and who have been continuously insured under this policy since this policy's effective date.

#### **DEDUCTIBLE CREDIT PROVISION**

An insured's deductible for the first calendar year this policy is in force can be reduced by any expense that:

1. was applied to his/her deductible under the former policy for this calendar year; or
2. was incurred during the 90 day period prior to the date this policy became effective, and was applied to the deductible under the former policy.

#### **COINSURANCE CREDIT PROVISION**

An insured's coinsurance share amount for the first calendar year this policy is in force can be reduced by the amount of expense that was applied to his/her coinsurance share amount under the former policy for the same calendar year.

#### **RECEIVING CREDIT**

To receive credit under these provisions, each insured must provide us with proof of the amount of credit earned under the former policy. This proof must be acceptable to us. It must be submitted at the same time he/she files his/her first claim under this policy.

#### **MEDICARE AS PRIMARY PAYER**

Any insured who is eligible for Medicare Parts A and B as primary payer will have his/her expenses paid as follows:

The regular policy provisions will be used to compute benefits, without taking any payments by Medicare into consideration. A total benefit will be determined. Medicare's benefit will then be subtracted from this total benefit to arrive at the benefit payable.

If an insured is eligible for Medicare, but does not enroll or apply for it on time, we will estimate Medicare's payment.

### **COORDINATION OF BENEFITS**

If an insured has medical or dental coverage under another group-type plan, we will coordinate our benefits with those of that plan. One plan is primary. One plan is secondary. The primary plan pays its regular benefits. The secondary plan pays a reduced amount, which when added to the benefits paid by the primary plan, will normally equal 100% of the allowable expense. The benefits payable under the secondary plan cannot exceed the benefit that would be payable if there was no other group-type plan.

### **RULES FOR ORDER OF PAYMENT**

The primary plan is:

1. the plan which does not coordinate its benefits with any other plan.
2. the plan which covers the person as an employee or student, rather than as a dependent. (However, if a person is also a Medicare beneficiary, Medicare is secondary to the plan covering the person as a dependent, and primary to the plan covering the person as other than a dependent, for example a retired employee.)
3. the plan of the parent whose birthday (excluding year of birth) occurs earlier in a calendar year, if both parents are living together. If both parents have the same birthday, the plan that has covered a parent the longest is primary. If the other plan does not have this provision in their policy, then the plan which insures the father as an employee will be primary, rather than the plan which insures the mother as an employee.
4. the plan of the parent with custody of the child, if the parents are divorced or separated. The secondary plan will be the plan of the spouse of the parent with custody. The final plan will be the plan of the parent without custody.
5. If the specific terms of a court decree state that one of the parents is responsible for the health care expenses of the child, then the plan of the parent who has responsibility will be primary over the other parent or stepparent's plan. This provision does not apply until we have been informed of the terms of the court decree. Any benefits paid prior to our knowledge of the terms of the court decree will be subject to the other sections of this provision.
6. If the specific terms of a court decree state that the parents shall share joint custody, without stating that one of the parents is responsible for the health care expenses of the child, then the plan of the parent whose birthday occurs earlier in the calendar year is primary.
7. the plan which covers a person as an active employee, rather than the plan which covers the person as a laid-off or retired employee. The primary plan is the plan which covers the person as a dependent of an active employee, rather than the plan which covers the person as a dependent of a laid-off or retired employee.
8. the plan which insures the person as an employee, or the dependent of an employee, rather than the plan which insures the person under any continuation coverage. If the other plan does not have a rule regarding continuation coverage, and as a result, the plans do not agree on which plan is primary, then this rule will be ignored.
9. If none of the above rules apply, then the plan which has covered the insured person the longest is the primary plan. The length of time a person has been covered under a plan is measured from the claimant's first date of continuous coverage with the Policyholder.

### **BENEFIT CREDIT AS SECONDARY PLAN**

If the amount we pay as the secondary plan is less than the amount that we would have paid as the primary plan, a benefit credit will exist. We, as the secondary plan, can use this benefit credit to pay other allowable expenses incurred by the same insured during the same calendar year as the benefit credit occurred.

## **RIGHT TO RECEIVE AND RELEASE INFORMATION**

We have the right to seek and to release any necessary information to any other insurance company or organization, for the purpose of implementing this provision. We can do this without consent or notice to any concerned person. Any person claiming benefits under this policy must provide us with any necessary information to implement this provision.

## **REIMBURSING THE OTHER PLAN**

If another plan has paid their benefit in error according to this provision, we can make payment directly to them to satisfy the intent of this provision. Any payment made by us for this reason will fully discharge us of any liability under this plan.

## **RIGHT TO RECOVERY**

If we made a payment in error, we can recover our payment from the other plan, the insured, or anyone else to whom we have made payment, so as to satisfy the intent of this provision.

## **RIGHT OF REIMBURSEMENT**

If an insured incurs expenses for illness or injury that occurred due to the negligence of a third party:

1. we have the right to reimbursement for all benefits we paid from any and all damages collected from the third party for those same expenses whether by action at law, settlement, or compromise, by the insured, the insured's parents if the insured is a minor, or the insured's legal representative, as a result of that illness or injury; and
2. we are assigned the right to recover from the third party, or his or her insurer, to the extent of the benefits we paid for that illness or injury.

We shall have the right to first reimbursement out of all funds the insured, the insured's parents if the insured is a minor, or the insured's legal representative, is or was able to obtain for the same expenses we have paid as a result of the illness or injury.

You are required to furnish any information or assistance or provide any documents that we may reasonably require in order to obtain our rights under this provision. This provision applies whether or not the third party admits liability.

## **BENEFIT EXTENSION AFTER TERMINATION**

If an insured is totally disabled at the time this entire policy ends, then the major medical insurance provided by this policy will continue only for the illness or injury which caused the total disability. It will continue only for that illness or injury until the earliest of the following dates:

1. 12 months after termination;
2. the date the maximum benefit is paid;
3. the date the insured is no longer totally disabled;
4. the date the succeeding carrier's plan provides coverage for the illness or injury.

## **ILLINOIS CONTINUATION OF HEALTH INSURANCE COVERAGE AFTER TERMINATION OF EMPLOYMENT**

The insurance of insured employees and dependents ends when an insured employee terminates his/her employment. An insured whose insurance ends for this reason may elect to continue the health insurance coverage that was in force for himself/herself, and any insured dependents, if:

1. he/she has been insured under this group policy, or the former policy for three consecutive months before his/her insurance would end; and
2. he/she is not covered by Medicare; and
3. he/she is not covered under any group health insurance that becomes effective after his/her termination of employment date; and
4. he/she does not exercise his/her conversion privilege upon termination of employment; and

5. he/she has not been fired from his/her job because:
  - a. he/she committed a felony in connection with work; or
  - b. he/she stole from his/her employer.

His/her employer must not have been responsible for his/her actions in any way. He/she must have either admitted his/her guilt or been convicted by a court for the act.

The insured must request this continuation of insurance in writing within 10 days after the later of:

1. the date insurance would end due to termination of employment; or
2. the date the insured is given written notice of the right to continuation by the Policyholder;

but in no event later than 60 days after insurance would otherwise end.

The insured employee must pay the entire premium to the Policyholder in advance every month.

Any dental, vision care, or weekly income benefits will not be continued under this provision. All health insurance benefits provided under this provision are subject to this policy's provisions, exclusions, and limitations.

The insurance provided under this provision will end on the earliest of the following dates:

1. the date the insured becomes eligible for Medicare;
2. the date the insured becomes covered under group health insurance that has an effective date after his/her termination of employment date;
3. the date 12 months from the date his/her insurance would have ended due to termination of employment;
4. the date he/she fails to pay any premium due; or
5. the date this entire group policy terminates.

#### **RIGHTS FOLLOWING CONTINUATION**

An insured may be able to convert his/her insurance to an individual conversion policy if his/her continuation is ending because his/her insurance has been continued for the maximum period allowed by law. An insured's conversion rights are outlined under the provisions regarding conversion of health benefits in this policy.

#### **ILLINOIS CONTINUATION OF SPOUSE**

An insured spouse's existing health insurance can be continued under this policy beyond when it would usually terminate, if it should terminate because:

1. the insured employee dies; or
2. the insured employee and insured spouse legally dissolve their marriage; or
3. the insured employee retires, and the spouse is at least age 55 at the time of retirement.

The insurance of any insured children may also be continued.

If the insured spouse wishes to continue his/her insurance, he/she must provide both the Policyholder and us with written notice of death, divorce, or retirement. The notice must be provided within 30 days after the date of death, divorce, or retirement.

After the Policyholder receives the notice from the spouse, the Policyholder has 15 days to provide us with written notice of the event. The Policyholder must send the spouse a copy of the notice that is sent to us. The copy must be sent to the spouse's home address.

After we receive notice from the spouse and Policyholder, we will send the spouse information to continue the insurance. This information will be sent within 30 days after we receive the notice. It will be sent by certified mail, return receipt requested. The information will include:

1. a form to be completed by the spouse;
2. the amount of the premium;

3. the method and place of premium payments; and
4. instructions for returning the form by certified mail, return receipt requested.

The spouse must return the form and the first premium to us within 30 days after we send the form to the spouse. If we do not receive it, coverage cannot be continued.

If we do not send the information within 30 days after we receive notice, then:

1. coverage will automatically continue until the information is sent; and
2. all premium will be waived until we send the information.

However, if this entire policy is terminated before we can send the information, then the former spouse's insurance will not continue beyond this policy's termination date.

#### **TERMINATION OF COVERAGE UNDER THIS PROVISION**

1. If a former spouse was under age 55 when his/her coverage began under this continuation provision, his/her insurance will end on the earliest of the following dates:
  - a. the date he/she fails to pay any premium when it is due;
  - b. the date his/her insurance would have ended (except due to the retirement of the insured employee) under the terms of this policy if the spouse and the insured employee were still married to each other. However, coverage under this provision will not terminate during the first 120 days after it begins, except when this entire policy is terminated;
  - c. the date he/she first becomes an insured employee under any other group health plan that he/she was not covered under on the date his/her insurance began under this provision;
  - d. the date he/she remarries;
  - e. the date two years after his/her insurance was continued under this provision; or
  - f. the date this entire policy terminates.
2. If a retired employee's spouse or a former spouse was age 55 or over when his/her coverage began under this continuation provision, his/her insurance will end on the earliest of the following dates:
  - a. the date he/she fails to pay any premium when it is due;
  - b. the date his/her insurance would have ended (except due to the retirement of the insured employee) under the terms of this policy if the spouse and the insured employee were still married to each other. However, coverage under this provision will not terminate during the first 120 days after it begins, except when this entire policy is terminated;
  - c. the date he/she first becomes an insured employee under any other group health plan that he/she was not covered under on the date his/her insurance began under this provision;
  - d. the date he/she remarries;
  - e. the date he/she reaches the qualifying age or otherwise establishes eligibility under the Medicare program;
  - f. the date this entire policy terminates.

#### **RIGHTS FOLLOWING SPOUSE CONTINUATION COVERAGE**

An insured may be able to convert his/her insurance to an individual conversion policy, if his/her continuation is ending because his/her insurance has continued for the maximum period allowed by this provision. Conversion rights are outlined under the provision "Conversion Privilege - Changing to an Individual Health Policy."

#### **FEDERAL CONTINUATION OF HEALTH COVERAGE AFTER TERMINATION**

If this continuation provision is included in this policy, it will be indicated on the Schedule of Benefits.

Under certain circumstances, an insured has the right to continue his/her health insurance beyond the date that it would normally end. The health insurance coverage that can be continued is the same coverage that is provided to insureds whose coverage has not ended. However, any weekly income benefits for total disability cannot be continued.

## **CONTINUATION RIGHTS**

1. An insured's health insurance can be continued for a maximum period of 18 months, if it is ending because:
  - a. the insured employee's employment terminated for reasons other than gross misconduct; or
  - b. the insured employee had his hours reduced.

If an insured does not wish to continue coverage for himself/herself, his/her insured spouse and/or insured children may elect to continue the coverage on their own for a maximum of 18 months.

2. An insured's health insurance may be extended beyond the 18 month continuation period, to a maximum period of 29 months, for himself/herself and/or his/her insured dependents, if:
  - a. his/her insurance is ending because of one of the reasons listed above; and
  - b. he/she qualifies as disabled for Social Security purposes at the time his/her employment ends or at any time during the first 60 days of COBRA continuation; and
  - c. he/she notifies the Policyholder of a determination of total disability by the Social Security Administration within 60 days of the determination, but before the end of the first 18 months of continuation.

However, an insured's extended continuation will end the premium due date that is at least 30 days after a final determination under the Social Security Act that he/she is no longer disabled. Premiums during the additional 11 months of coverage will be at a substantially higher rate than for the initial 18 month period.

3. An insured dependent's health insurance can be continued for a maximum period of 36 months, if his/her insurance is ending because:
  - a. the insured employee dies;
  - b. a divorce or legal separation has occurred;
  - c. the insured dependent child no longer meets this policy's definition of a dependent child;
  - d. the insured employee became covered by Medicare.
4. An insured dependent's health coverage can be continued for at least 36 months from the date the insured employee became covered by Medicare, if his/her insurance ends for any of the above-listed reasons.
5. An insured can continue his/her insurance for 36 months, if:
  - a. he/she has lost coverage or had his/her coverage substantially reduced within one year before or after the date his/her employer began proceedings in a Ch. 11 bankruptcy proceeding; and
  - b. he/she retired after the Ch. 11 bankruptcy proceeding; or
  - c. he/she is an insured dependent of a retiree who died after a Ch. 11 bankruptcy proceeding.
6. An insured can continue his/her insurance for his/her lifetime, if:
  - a. he/she has lost coverage or had his/her insurance substantially reduced within one year before or after his/her employer began proceedings in a Ch. 11 bankruptcy case; and
  - b. he/she is a retiree who retired before the Ch. 11 bankruptcy proceeding; or
  - c. he/she is a widow or widower of a retiree who died before the bankruptcy proceeding.

## **NOTIFICATION RESPONSIBILITIES OF THE POLICYHOLDER**

The Policyholder must notify an insured of his/her right to continue within 14 days after the Policyholder becomes aware that one of the events listed above has occurred. The notification must be in writing.

## **RESPONSIBILITIES OF AN INSURED**

1. An insured must notify the Policyholder if any of the following events occur:
  - a. a divorce or legal separation;
  - b. an insured child no longer meets the policy's definition of an insured dependent child.

This notice must be given to the Policyholder within 60 days of the occurrence of one of these events.

2. An insured must notify the Policyholder if he/she wants to continue coverage. He/she must give notice within 60 days after the date a COBRA qualifying event occurs, or within 60 days after the Policyholder provides him/her with notification of this right to continue, whichever is the longer period of time. The notice the insured must provide must be in writing, by using the COBRA Continuation of Coverage Election form that the Policyholder provides him/her.
3. If an insured decides to continue this coverage, the first premium payment is due 45 days following the date he/she returns the election form. Coverage is provided only when the full premium for the applicable period is received. The insured must pay any premiums after that within 30 days of the date the premium is due. Premium payments must be made to the Policyholder. Coverage is not in force for any period for which premium is not paid.

#### **INSURED'S WHO CANNOT CONTINUE**

An insured cannot continue this coverage if at the time of his/her termination, he/she is a nonresident alien with no earned income from sources within the United States, or the dependent of such person.

#### **TERMINATION**

Continued coverage will end on the earliest of the following dates:

1. the date the maximum continuation period has been exhausted;
2. the date the employer ceases to maintain any group health plan for any employee;
3. the date the insured is covered by another group health plan which does not include a preexisting condition clause or which would have the preexisting condition limitation period reduced by qualifying COBRA continuation coverage;
4. the date the insured becomes covered by Medicare;
5. the date any premium that is due is not paid within the time allowed.

An insured's continuation will terminate anytime this policy is terminated

#### **RIGHTS FOLLOWING COBRA CONTINUATION**

An insured may be able to convert his/her insurance to an individual conversion policy, if his/her continuation is ending because his/her insurance has continued for the maximum period allowed by this provision. Conversion rights are outlined under the provision "Conversion Privilege - Changing to an Individual Health Policy."

#### **CONVERSION PRIVILEGE - CHANGING TO AN INDIVIDUAL HEALTH POLICY**

The insured or insured dependent may convert his/her medical benefits to an individual health policy without evidence of insurability. The Policyholder must notify him/her of this conversion privilege. The individual health policy will provide benefits for hospital room and board, miscellaneous hospital expenses, and surgical and in-hospital expenses. The benefit will be at least equal to any minimum requirements for conversion policies in the state of delivery. The policy will be on a form currently being issued by us as a group health conversion policy.

To convert benefits, an insured or insured dependent must:

1. have been continuously covered for medical benefits under this policy, or the former policy, for three months immediately prior to termination of coverage under this policy; and
2. have had his/her coverage under this policy terminated for any reason other than:
  - a. termination of this entire policy because a new entity is going to insure this group; or
  - b. failure to pay any premiums due; and
3. not be eligible for Medicare; and
4. not be eligible for any other health insurance, which together with the conversion policy, would result in overinsurance; and
5. submit a written application and pay the first premium. The application and premium must be submitted to our Home Office at 2505 Court, Pekin, IL 61558, within 31 days after termination under this policy; or within 15 days after the insured has been given written notice of the existence of the conversion privilege, but in no event later than 60 days after his/her termination.

The individual health policy that is issued will become effective immediately upon termination under this policy.

The premium for the conversion policy will be determined by the rate tables being used by us when application is made.

#### **FAMILY AND MEDICAL LEAVE ACT (FMLA) CONTINUATION PROVISION**

An employee receiving a leave of absence qualifying under the FMLA will continue to receive health insurance as if he/she was not on leave.

All other benefits, such as any life insurance, accidental death and dismemberment, disability and dental insurance will terminate in accordance with the other policy continuation and termination provisions.

#### **TERMINATION OF HEALTH INSURANCE**

Health insurance benefits will end on the earliest of the following dates:

1. the date that any portion of the health premium that is due is not paid;
2. the premium due date following the date the employee no longer qualifies under this or another policy continuation provision;
3. the date this policy terminates;
4. the premium due date following the date the employee gives notice of an intent not to return to work.

If coverage is terminated for any reason other than nonpayment of premium, or the termination of the entire policy, then the employee may be able to continue his/her health insurance for an additional period of time.
