

JUVENILE WHOLE LIFE

the earlier, the better.

YOU WON'T WORRY AS MUCH WHEN YOU START THEM OFF RIGHT.

Whether your child or grandchild is learning to walk or learning to drive, give them a more secure financial future.

Our Juvenile Whole Life policy lets you provide a lifetime of protection at very affordable rates.

Juvenile Whole Life Insurance coverage highlights include:

- Available for children ages 15 days through age 17, last birthday.
- Premium based on age, not gender.
- Ability to build cash equity.
- Multiple premium payment options.
- Option to increase coverage with no medical exam if there is a Guaranteed Insurability Rider added.

Because you own the policy, the cumulative cash equity may be presented as a gift to your child or grandchild in the future. After your child or grandchild legally becomes an adult in your state, or at a later time of your choosing, you can pass ownership to your child or grandchild.
