You have been **making important decisions** your entire life. That's what responsible people do.

There is another important decision you need to make. Families are realizing the value in prearranging their funeral services prior to death and are making important decisions regarding their last wishes in a manner that is consistent with their own values and beliefs. They are doing the responsible thing so their family doesn't have to make decisions at a time when they are least prepared to deal with them.

When a family calls us at one of the most difficult moments of their lives, planning their loved one's funeral is always made easier when it has been prearranged. Planning in advance provides peace of mind by giving you control of how the final event of your life is handled and remembered—eliminating the burden on your family.

There are other benefits that come with planning your funeral in advance. We offer choices to help you pre-pay the cost of your funeral so loved ones can be relieved of any financial burden, as well.

Our funeral home has a long history of serving families in our community with compassion and respect. Our mission is to provide excellent service according to your details. We're here to help you do the responsible thing, like you always have.

We will be happy to meet with you at your home or at the funeral home to start planning. Email, call, or send us this reply card to make an appointment.
